### Overview

The RMSC Preschool is designed to meet the developmental needs of three, four and five-year-olds in a supportive and nurturing environment. Located in the Gannett Building on the RMSC campus, the preschool utilizes the Museum exhibits, collections and gardens to enhance the learning experience. A private playground is available for additional outdoor fun.

### Curriculum

Preschoolers explore art, science, the environment and the region's history and culture. We use RMSC's unique assets to engage the curiosity and excitement of the young learner.

### Staff

Each class has two experienced early childhood teachers who work as a team to engage students and spark an early excitement for learning.

### Parent Involvement

Parents are always welcome to visit the classroom. Experience parent-teacher conferences, family social events, an annual field trip to the RMSC Cumming Nature Center and more.

### Registration/Tour Information

Registration is ongoing and placement is done through a lottery. Applications are due February 10 to be included in the lottery. For details and to schedule a tour, call 585.697.1949 or visit [www.rmssc.org](http://www.rmssc.org).
