**MAKING OUR DOLLARS WORK**

We can put our dollars to work by trading with the businesses who advertise in THE VOICE.

Our advertisers employ many of our people because they know it is good business to return part of the money we spend with them back to us in the form of dignified jobs.

**TRINITY PASTOR TO BE INSTALLED**

The installation service of the Rev. Isaiah P. Pogue, Jr., as pastor of the Trinity Presbyterian Church will take place next Sunday evening, July 20 at 8 P.M. The father of Mr. Pogue, the Rev. Isaiah P. Pogue, D.D., of Santa Barbara, California, will preach the installation sermon. The service, under the direction of the Presbytery of Rochester, will include participation of other members of the Presbytery.

A special invitation is extended to all friends and members of the church to be present at that time. The Rev. Mr. Pogue depends on your cooperation in making the occasion a great success.

The committee consists of Louis J. Donahue, Mrs. Adah Locke, and Beatrix R. Harrison.

MAKING OUR DOLLARS WORK

Then let’s double our effort to trade with those who appreciate our dollars. Let us keep our dollars working—rolling into our advertisers—then back to us again in good jobs and quality merchandise.

CONTINUENTAL ADVISORS
Rochester, New York

Mr. Howard W. Coker, 446 Clarissa Street, Rochester, New York

Dear Friend:
The City of Rochester, keeping pace with national trends throughout our country, is indeed fortunate in having a splendid national defense organization, the 21st Regiment, under Section 562, Postal Laws and Regulations. The purpose of the Postage is to provide money for enlistment in the National Defense organization (enlistment provides this and) for other equipment of necessity be raised publicly, as state appropriations are insufficient. It will be a matter of great importance, entertaining as it is, and for your many kindnesses, I feel confident that you will want to contribute to its success by being an active participant. Your cooperation in the quest will be deeply appreciated.

Cordially yours,

R. DIXON Mayor

Rochester, N. Y., June 1895 — The Douglass Statue and Monument Committee held their last meeting last evening with ex-Governor H. S. Greenough as chairman and M. S. Spencer, secretary, and adopted the following:

Resolved, That in the death of the Hon. Frederick Douglass, our city loses the soul of an earnest statesman, whose life and services is behon of human rights and injustice, one of the most interesting and existing chapters in the history of the 19th century.

In Rochester his earlier struggles for equality and humanity were commenced.

JOE LOUIS TO ENTER ARMY

CHICAGO—Joe Louis liked an answer in court here Wednesday to his wife's divorce suit charges the limited everything!

The answer he allowed his wife $100 each month plus $300 monthly income from the first he bought her at $232 Highgate Avenue and on which he spent $2,000 for remodeling.

Louis said that he has made gifts ranging from $100 to $500 and that he has paid other bills running from four to six thousand dollars each year. He has bought her a new automobile every year he stated, and has never told he or anyone else he did not want children.

Showed the answer, Marva, who hopes for a line and a make-up, said she would do nothing until she talked with the champ. She said he would be in Chicago this week. His managers said he will not. Louis is said to be headed for a fishing trip in the North Woods.

MARVA TELLS—"WHY I SUED JOE"

CHICAGO—Joe Louis may be the kindest in the prize ring but he is a show lover and a poor husband, Marva Louis, who is suing him for divorce, declared here in a self-apartment last Saturday.

She pictured herself as the faithful, the neglected, the home-loving wife who has been lonesome for the kisses and affection of her husband.

Even so, Marva said she was willing to forgive and forget if Joe would come back. She was willing to drop the suit and make up. But Joe gave her a chilly response. He was supposed to be in Chicago on Monday to consider various angles of the divorce proceedings.

Instead he was attending the All-Star baseball game in Detroit. From there he was to go fishing in the North Woods.

"I have no reason for visiting Chicago. My attorney is in charge of the situation and can go ahead and make preliminary arrangements with Marva."

She had asked, it is reported, for $750,000 in a divorce settlement claiming she needs this sum to live with the dignity of her station in life. Joe's attorneys is estimated to be $600,000.

The champ's wife, in her divorce statement Saturday, had the following to say as to why she sued Joe for divorce:

"It was grand to be the wife of the champ, but he has neglected me. He has not been in this apartment for six or seven months. I guess Joe is just tired of being married.

"We were not living the lives of happy married people. He was always away and when I complained he only said: Well, you know I'm busy all the time. I haven't got time to hang around home.

"I saw him a week ago when he came to Provident Hospital to have some derivation, she stated. He told her he was too busy looking after his business and didn't have time to hang around home.
