1935 was ten years ago

BUT IT IS A YEAR THAT WILL NEVER BE FORGOTTEN BY THE PEOPLE OF ROCHESTER

TEN YEARS AGO IN 1935—THE CITY ADMINISTRATION WAS DEMOCRATIC. THE FIRST AND ONLY DEMOCRATIC CITY ADMINISTRATION IN NEARLY FIFTY YEARS.

It is a matter of record that this only Democratic City Administration ever elected in approximately two generations of local elections so aroused the people that they affixed 60,000 signatures to petitions demanding the re-call of those men from public office. The only time in our history when the people demanded the re-call of elected officials.

That is particularly significant in this local election, because:

Democratic Councilmen of that 1935 publicly disapproved Democratic City Administration are this year candidates again on the Democratic Ticket, for the office of Councilman-at-large. The very same office from which 60,000 petitioning Rochesterians demanded their recall just ten years ago.

It is their hope, of course, that the people will forget, but the people will not forget because the people meant what they said and did ten years ago.

The people meant it when they signed petitions against that Democratic Administrations Bogus Point Water Scheme; they meant their protests against the Democratic attempt to change the character of our nationally famous park system; they meant it when they demanded public hearings on important public policies—and they meant it when they defeated the candidates of that Democratic administration.

NO—THE PEOPLE WILL NOT FORGET 1935!
