There Are Opportunities for Education and Entertainment

In Several Movies Available Free at Detroit Public Library

I have just seen several scores, which are available free at

Detroit Public Library. These films are among the very best ways of

putting across the fine points of American life. There is

nothing so effective a means of what the films have to offer. It

is a whole body of moral teaching which is not so easy to

get across by means of printed matter. It is a means of

utilizing modern media to put across the ideals of American

life. It is a means of utilizing modern techniques to put

across the ideals of American life.

The other thing that

involves the use of the film is

the drama, the music, the

people who are involved, the

people who are cast, the

people who are involved in

the film. This is a means of

putting across the fine points of

American life.

Johnson Jumps 4 Places
In Fidler's Popularity Poll

Jackie Robinson, that flashy first baseman of the National League's Los Angeles Dodgers, has jumped from tenth to sixth place in Fidler's Popularity Poll on the listing of the first ten most popular men in the nation for the week ending Sept. 28, 1947.

A poll conducted by the Society for the Study of Democratic Institutions, a non-profit corporation, is the basis for Fidler's Popularity Poll. It is the fourth consecutive poll of this type which was sponsored by General Electric and NBC. The manager of the poll is L. Quincy Mumford.

Robinson, who was a student at Wilberforce University in the mid-1930s, has known a meteoric rise since he broke into the major leagues under the management of Branch Rickey of the Dodgers in 1947. The former Negro Leaguer, who is also known as " Jackie"

The changed relationships in the poll standings were occupied by the popular Bing Crosby, who moved from fifth place to the top of the poll, and by the late Harry S. Truman, who moved from sixth to fifth place.

Future Projections

The president of Storer College, Harlem, recently announced that he had been invited to appear at Oberlin, Ohio, by President Thorne of Oberlin to discuss the problems confronting Negro students in higher and professional education.

The American Friends Service Committee is conducting a lecture tour to schools and colleges in the Eastern and Mid-Western states by two dignitaries of the Committee.

The lecture tour is sponsored by the director of fine arts of the Quaker Committee, E. C. McLean, who has been affiliated with the Committee for many years.

The tour began in the mid-Western states and is scheduled to continue to the Eastern states.

The tour is expected to continue until the end of the month.
