Citizens Should Prepare to Vote On Two Bond Issues Nov. 4
Sen. Ferguson Sends Out Questionnaire on Current Problems

In addition to the election of the City officials two bond issues will be submitted to the voters. These issues, if not defeated, will mean a great deal of expense and improvement in the city.

The one voted upon first is the police station issue. It will provide money for the purchase of a site and construction of a police station.

The other issue is for the purchase of a site and construction of a public library.

The action of the City Council in making these important decisions is a reflection of the desire of the people to improve the city.

The society is open to people of all races, but it appears that the contributions of people of different races have not been mentioned in any of the materials.
