SPECIAL ELECTION BULLETIN TO THE NEGRO VOTERS of ROCHESTER and Monroe Co.

DO YOU REALIZE THAT — President Truman pretends to sponsor the Civil Rights Program for the sole purpose of getting votes?

HERE IS THE PROOF!

1. DO YOU KNOW THAT — The Democrats have 16 years in office to do something about Civil Rights and they have done nothing yet.

2. DO YOU KNOW THAT — No Federal Civil Rights Law can be passed without the support of the Democratic States and they will not vote for it.

3. DO YOU KNOW THAT — President Truman realizes that the Southern States will not vote for it and yet tries to make you believe he is sincere.

4. President Truman is not sincere because he does not believe in it himself. His famous interview with Morris and Grace Milgram of October, 1944, quoted in the newspapers of the country and never denied, and again quoted in the magazine TELL, in the article on Page 4, written by Alexander Looby, shows:

A. That President Truman does not believe in social equality and that there will never be social equality for the Negro;

B. That President Truman said that the Negroes never have been served and never will be served in the restaurants and soda fountains of Independence, Missouri, his home town;

C. That President Truman said he never has and never will invite a Negro to his home for dinner;

D. That President Truman supports and approves the segregation of schools required by the laws of Missouri, his home state;

E. That President Truman feels that the laws of the Southern States which actually prevent the Negro from voting are reasonable.

5. DO YOU KNOW THAT — President Truman voted for the Poll Tax along with the notorious Southern Bloc of Senators in 1942?

6. DO YOU KNOW THAT — President Truman has been in office nearly four years, has made thousands of Federal Appointments to jobs of importance and responsibility and yet has appointed only TWO Negroes to such important positions?

ON THE OTHER HAND

DO YOU REALIZE THAT — Governor Dewey and the Republican Party have already guaranteed Civil Rights to the Negroes of New York State?

HERE IS THE PROOF!

1. DO YOU KNOW THAT — the Negro has full civil rights in the State of New York including the RIGHT to VOTE—to use schools— EQUAL RIGHTS as to public utilities—restaurants—hotels, etc.?

2. DO YOU KNOW THAT — discrimination of any kind against the Negro in the State of New York is ILLEGAL by LAW. The fact that there may be some discrimination is the fault of the individual which only time can cure. The Negro, despite any discrimination is protected by these laws.

3. DO YOU KNOW THAT — the principal law, commonly designated as the F. E. P. C., was sponsored by Governor Dewey and passed by a Republican Legislature in 1945. This law guarantees the Negro against discrimination in labor.

4. DO YOU KNOW THAT — Governor Dewey, the Republican candidate for President of the United States, has caused to be appointed to executive positions in the various departments in the State of New York and in the courts of the State of New York, some 30 Negroes with salaries ranging from $5,000 to $17,500 per year.

5. DO YOU KNOW THAT — one of these Negro appointees was Judge Francis E. Rivers as Associate Justice of the City Court of New York, at an annual salary of $9,500 and that another was that of Mrs. Bertha J. Diggs from Buffalo, as Secretary of the New York State Department of Labor at a salary of $7,700 per year?

6. DO YOU KNOW THAT — Governor Dewey has said "No man should be deprived of the right to earn his bread by reason of his race, his religion or his national origin. This is simple justice."

7. DO YOU KNOW THAT — Representative Kenneth B. Keating of the 40th Congressional District, candidate for re-election this year, is the sponsor of an Anti-Lynching Bill, presented in the House of Representatives at the 80th Session of Congress; that he has championed numerous Negro causes?

8. DO YOU KNOW THAT — Representative Kenneth B. Keating successfully championed the cause of the Negro Press—so that Negro reporters are now admitted as bona fide press representatives in the House of Representatives?

9. DO YOU KNOW THAT — Representative Kenneth B. Keating is considered such a champion of Negro Rights that he was selected by the American Forum of the Air, a renowned radio program, to present his views of the Negro's Civil Rights? This radio forum took place on February 14, 1948.

10. DO YOU KNOW THAT — Representative Kenneth B. Keating is considered such a friend of the Negro cause—if not its best friend—that he was invited to address and did address the Young People's Forum of the N.A.A.C.P. at Howard University, Washington, D.C., April 8, 1948?

11. DO YOU KNOW THAT — Representative Kenneth B. Keating voted against the Poll Tax?

IF YOU KNOW THESE FACTS — then you must VOTE to ELECT:

1. Governor Thomas E. Dewey for PRESIDENT.

2. Governor Earl Warren for VICE PRESIDENT.

4. The Full Ticket of the REPUBLICAN PARTY, the platform of which guarantees continued justice for the Negroes of the United States.

Third Party a Threat

Unlike in previous Presidential years, the campaign is not limited to the two old parties. The Pro- "Suez Party," led by Henry A. Wallace, presents a serious threat to the two-party system.
EASTMAN EUROPEAN DISPLAY EXHIBITED AT ART GALLERY

One of the most important private art collections in the country, the group of European paintings assembled by Mr. Eastman includes both the English and Dutch schools placed on public exhibition for the first time since October 19, in Memorial Art Gallery.

The exhibition will be on view at the Art Gallery for a year during the celebration of Eastman House as a historic and modern museum, to be opened as an educational institution by the Eastman Board of Trustees under the New York State Board of Regents. The art exhibition will subsequently be moved to Eastman House, but the painting will continue to remain the property of the University of Rochester.

In a conversation, one of the painters, expressed outstanding examples of French, Dutch, English, and Italian art of the 16th, 17th, and 18th centuries, when Dr. Carl K. Hersey, recently, when Dr. Carl K. Hersey, director, will use the collection to study hours on the collection through a program of lectures and study trips. The paintings will be on view at the Gallerie in the United States.

The art of the 18th Century, which Gertrude Hurdle Moore is dedicated to the history of art, is from this collection, to offer an educational opportunity through a program of lectures and study trips. The paintings will be on view at the Gallerie in the United States.

A private view of the exhibition will be held for Gallery members recently, when Dr. Carl K. Hersey, director, will use the collection to study hours on the collection through a program of lectures and study trips. The paintings will be on view at the Gallerie in the United States.

NEW YORK—The plan to admit a Negro student in the graduate school of the University of Oklahoma to a Jim Crow basis was today branded as "absurd and fumbling" by Thurgood Marshall, NAACP special counsel, who headed the legal staff which attacked the state's segregation laws. Mr. Marshall further indicated that the case would not be abandoned. G. W. McLaurin, retired teacher was admitted to the University's graduate school today as the first Negro student. Following a decision handed down recently by a Special three-judge Federal Court, declaring that the state's segregation laws were unconstitutional insofar as they prevented the enrollment of Negro students in the university for courses not otherwise available in state-supported institutions.

Mr. Marshall's statement fol-

"The State of Oklahoma, hav-
ing abandoned its attempt to exclude Negro students from the University of Oklahoma by statute, has now resorted to the absurd and fumbling device of admitting G. W. McLaurin and attempting to segregate him within the university. This purported compliance with the 14th Amendment and the Oklahoma segregation statute at the same time is so ridiculous that it is clear that even these futile efforts cannot be maintained as the occasional of the University of Oklahoma have already learned. Accordingly, Ar-

kansas has abandoned tri-color segregation in its law and medical schools.

"Mr. McLaurin's entrance at the University of Oklahoma does not mean that either he or the NAACP approve of the stupid efforts at segregation, nor does it mean that this particular law suit, which opened the university's doors during its preliminary stages, will be abandoned short of the abolition of segregation in the University of Oklahoma. The case, however, demonstrates the speed with which action may be obtained in this type of proceedings before a special federal court."
