Mr. Keating is a Candidate for Re-election from the 40th N.Y. Congressional Dist. for his outstanding record in behalf of human rights!

A SALUTE!
From the Negro Press of the United States to REPRESENTATIVE KENNETH B. KEATING

We herewith present a summary of the things which we feel sure are the real purposes of the Negro Press throughout the nation. These are fighting for, and although in each of the several communities our separate problems may be treated to different solutions, in the problems of the nation which confronts us, although the editors of the publications have not been systematically instructed as to the dealing with them, it is extraordinary that these are treated in much the same way by one and all. We are adamant in demanding our rights under the constitution of our country; we wish to see the final and complete abolishment of the hated POLL-TAX which keeps millions from voting; the Negro Press works for the passage of the ANTI-LYCH BILL; the unconditional release of the last SCOTTSBORO BOYS; equal opportunities in the ARMED FORCES; better reporting by white papers of the news about Negroes in the armed services of our country; the placing of NEGRO HISTORY in the curriculas of the public schools of the nation so that white and Negro students may learn of the contributions of the race to western civilization; NEGRO LAW MAKERS; BETTER HOUSING for all underprivileged peoples; better RECREATIONAL FACILITIES and education building-salary eqal salaries for SCHOOL TEACHERS; equal opportunity in the NATION'S INDUSTRIES and defense plants; all these things go to help in building NEGRO MORALE. These are the factors which, regardless of party lines, the NEGRO PRESS as a whole is determined to accomplish. Today the Negro citizens of the United States are fortunate in having a man in the Congress of these United States in the person of Kenneth B. Keating, who has by his action, carried out the Creed of the Negro Press.

HERE IS THE PROOF!
DO YOU KNOW THAT—Representative Kenneth B. Keating of the 40th Congressional District, candidate for re-election this year, is the sponsor of an Anti-Lynching Bill, presented in the House of Representatives at the 80th Session of Congress; that he has championed numerous Negro causes.

DO YOU KNOW THAT—Representative Kenneth B. Keating successfully championed the cause of the Negro Press—so that Negro reporters are now admitted as bona fide press representatives in the House of Representatives? Today Louis Lautier repre-sents the Negro Press in the House of Representatives.

DO YOU KNOW THAT—Representative Kenneth B. Keating is considered such a champion of Negro Rights that he was selected by the American Forum of the Air, a renowned radio program, to present his views of the Negro's Civil Rights? This radio forum took place on February 14, 1948.

DO YOU KNOW THAT—Representative Kenneth B. Keating is considered such a friend of the Negro cause—if not its best friend—that he was invited to address and did address the Young Peoples' Forum of the N.A.A.C.P. at Howard University, Washington, D.C., April 8, 1948?

DO YOU KNOW THAT—Representative Kenneth B. Keating voted against the Poll Tax?

DO YOU KNOW THAT—At a mass meeting held by the Rochester Branch of the N.A.A.C.P. in the Kurland Auditorium, on Thursday, October 28th, Attorney Leslie S. Perry (Negro), attorney for the National Office of that organization said that—"Modest gains made by Negroes during the war," he declared, "are being quietly swept away in states with no F.E.P.C."

Mr. Perry failed to say—that even though the N.A.A.C.P. was attempting to support President Harry Truman, that Mr. Keating's record was even better than average on issues concerning discrimination.

Mr. Keating comes from a Congressional District which has less than 12,000 Negro voters. Mr. Keating is an active member of the National Frederick Douglass Committee.

IF YOU KNOW THESE FACTS—then you must VOTE to ELECT:
1. Governor Thomas E. Dewey for PRESIDENT.
2. Governor Earl Warren for VICE PRESIDENT.
4. The Full Ticket of the REPUBLICAN PARTY, the platform of which guarantees continued justice for the Negroes of the United States.

WHERE ARE YOU GOING?

The following headline appeared in a Buffalo newspaper dated October 29, 1948: "Mr. Derham, a staunch Republican, will change his vote this year." The truth of the matter is that the only vote he will be able to change is his own and that of his spouse. Other than that, he stands alone as he has for the past 35 years, as the proprietor of a garage and the owner of a home in the 14th ward. He is slightly lonesome out there in the 14th ward with possibly 10 or 12 Negro votes in the entire ward. Like a number of the San Souci Negroes who migrated to Rochester years ago when Negro domestics, both men and women, were in demand here.

During the war, he headed an organization that opened a club in the city and prior to that he worked at Symington-Gould steel plant.

Mr. Derham is indeed another very fine citizen, a great churchman and fraternal leader, but at the moment, just another disgruntled Republican. We sym-
**Why You Should Vote for Dewey**

**His Program Has Been One of Notable Accomplishments Which Has Included "You"**

As Governor of New York his record has been one of efficient, honest service to all people of his state. Through the enactment of laws to protect workers in their right to employment, regardless of religious creed, race or origin, (FEPC), the extension of the minimum wage law in New York so that over a half million employees in private industry are now protected; including equal pay rate for women for equal work performed; a public housing program which provided homes for more than one hundred fifty thousand persons who otherwise would have been compelled to live in unsafe and unsanitary slum dwellings.

The establishment of a vigorous health program which included free hospitalization for persons afflicted with tuberculosis, so that New York is outstanding as a State in public health and welfare. These and many other benefits for the public good have been a part of the progressive program of Mr. Dewey while Governor of New York.

Let's Extend This Record of Accomplishments to Include the United States

**Social Security**

The broadening of the Social Security Act so as to extend its benefits to couples were adequate facilities and to advance maternal and child health care so as to maintain our American standard of living. To provide equal job opportunities and just enforcement of laws so that certain classes will not be "the last hired and the first fired."

**Anti-lynch**

The prompt enactment and strict enforcement of legislation that will guarantee safety of the person to all citizens against mob violence.

**Anti-Poll Tax**

Legislation abolishing a premium on the right of franchise so that the requisite to voting will no longer be denied by any citizen. An administration pledged against intolerance and bigotry in civilian life, in government, and in our armed forces.

**The Proof of the Pudding is in the Eating.** Dewey's record in New York has been one of outstanding achievement. In the administration of his program for the State of New York Negroes have been included and benefited. Hundreds of Negroes have been employed in the State government in jobs on the basis of their ability. This has resulted in their integration into the entire governmental fabric from judge to janitor. The enactment of the Dewey sponsored FEPC law in New York has opened thousands of jobs in private industry otherwise denied to members of minority groups.

The housing program of the State of New York has saved thousands of Negro families from rent sharks and slum dwelling existence.

The minimum wages law of New York has equalized the pay of wage workers and made possible the earning of a living wage by women in the state which has included a large number of Negroes.

The proof of the pudding is in the eating. Such a program inaugurated to include the United States will benefit millions of our people.

You owe it to yourself and to your children to support such a program both for yourself and for future generations.

Today America is at the cross roads—and so are Negroes—and we must choose the right course. Mr. Dewey's record points the way. On next Tuesday make certain that your decision is the right one.
