THE MAGIC HOUR HAS ARRIVED!

One of America's greatest poets was Henry W. Longfellow, and if I recall correctly, he wrote a poem which contained this phrase—"Comes a pause in the day's occupation which is known as the Children's Hour."

The lines from this beautiful poem could easily apply to our present political campaign because candidates, publicity people and voters in general appear to be very much like children when we look upon them in the light of day—with charge and countercharge bordering upon the possible and the impossible; all to gain the attention of an unsuspecting public.

Therefore, we take this opportunity to commend particularly the candidates who have been endorsed by the Liberal Party and we believe are following the Liberal line. Many of these candidates will be found in the columns of both major parties as well as on the ballot to be voted upon under the caption of the Liberal Party.

We wish to recommend to the voters the candidate and present incumbent, Judge Leo J. Minton and Mr. Patrick J. Flynn, candidate for Supervisor of the Third Ward. (Please note that Judge Minton will be running on the full ticket and you can vote for him no matter where you live in the City of Rochester. And lastly, on behalf of the candidate for Governor, Averill W. Harriman, we recommend his candidacy based on his outstanding record in national and state affairs.

COME GABRIEL BLOW YOUR HORN!

There is a word that this publication has used on countless occasions. It is a word which is used as an appellation with regard to a particular race—the word "Negro," sometimes referred to as Afro-American, Colored or what have you? By whichever name you call yourself, we are saying to you now that you have a heritage to protect and this heritage you do NOT sell for a mess of cottage. I have reference to a feeling that has been engendered in this community by the Johnn-come-latelies that it might appear that we are a bit dense, dumb, ignorant, stupid and that we have not taken advantage of the fine educational opportunities presented to us in this city and state.

For those who are willing to listen and take heed, may we say—the curriculum of all our schools from the secondary to the universities represent the highest degree of training that any one individual can acquire under the school systems of our nation. From a logical standpoint, therefore, let us shout it from the housetops that all of us who have acquired any type of knowledge having been presented to us by the Board of Regents under the Rochester School System are well prepared in our vocations, professions and so forth and have nothing for which to apologize. If there is ignorance, let us place the blame where it belongs—on the individuals; certainly not with the State of New York which offers to any and all the summit of educational facilities.

Many have come and more have gone, but Men and Women of Color have served in every possible sphere of action here in the proud City of Rochester. Achievement is no new thing to Rochester's colored citizens.

REPUBLICAN
PROGRESS!

Vote Election Day... NOVEMBER 2
for these REPUBLICAN CANDIDATES

KENNETH B. KEATING, For Congressman
39th DISTRICT
Veteran political observers and many thousands of
his fellow citizens consider "Kenn" Keating one of
the most competent men in Washington. He has
given the residents of the 39th Congressional District
the facts and convictions representation. With
all his great ability, he has made important contrib-
tions to the outstanding record of the administrat-
ion of President Eisenhower. He has been a national
figure in restoring to the Federal government
the fundamental requirements of integrity, honesty
and efficiency. To continue good government, he MUST
be re-elected to Congress.

FRANK E. VAN LARE, State Senator
51st DISTRICT
Completing his first year as Senator from the 51st
District, Frank E. VanLare has constantly dis-
played the qualifications and ability gained from 11
years of public service as a member of the City
Council and Vice Mayor of Rochester. He has been
intrigued with the important chairmanship of the
State Senate's National Defense and Military Affairs
Committee and gained statewide recognition for his work
on the many problems of migrant labor as vice-
chairman of the Joint Legislative Committee. As
a member of the Joint Legislative Committee on prob-
lems of the Aged, he was of important assistance in
aiding the senior citizens of our state with programs
and guidance for their Golden Age.

J. EUGENE GODDARD, Assemblyman
1st DISTRICT
Continuous service since 1931 in the New York
State Legislature and the House of Representa-
tives has given Harold C. Ostertag a great many quali-
fications of proven value in President Eisenhower's
leadership in guiding the difficult transition from
war economy to a peacetime stability. He has been
the leader in working out a highly-regarded system of
equalizing transportation taxation and solving
many problems of highway finance. His re-election
to the State Senate will be a bulwark against the in-
vasion of Tammany Hill in our state affairs.

PAUL B. HANKS For Assemblyman
2nd DISTRICT
The youngest of our Monroe County candidates,
youth is an advantage to Paul Hanks. It gives him
in enthusiasm for the welfare of the residents of the
Third Assembly District who are his friends and
neighbors in his life-time home in Brockport. Hold-
ing his first public office as a "first-term" member of the
State Assembly, he has been closely identified with the
teamwork of the six-member Monroe County legis-
lative delegation. He has been serving on the Civil
Service, Military Affairs, Canal and Waterways and
Villages committees and this year was appointed to
serve on the Joint Legislative Committee on Ununi-
fied Judgments. Monroe County needs the youthful
enthusiasm of Paul Hanks to carry on the state's platform of "Peace, Prosperity and Progress."

THOMAS F. RILEY, For Assemblyman
4th DISTRICT
Eight years of constant application to his duties as a member of the New York State Assembly have seeded the enthusiasm of Paul Hanks to carry on the state's platform of "Peace, Prosperity and Progress."

A. GOULD HATCH, For Assemblyman
1st DISTRICT
Men like A. Gould Hatch don't just happen to rep-
resent to their district in the New York State Assembly
as a member of the New York State Assembly have
the status of a civic hero among their friends and
neighbors gained him the many abilities he has dem-
strated so successfully during his past four years in
the Assembly. Active in many civic and fraternal
organizations and president of the general insurance
firm of Hatch-Hill, Inc., he knows the problems of
small and large business and the individual to a re-
markable degree. In 1952, his devotion to public serv-
cie gained him a position in the University of Rochester for "Legislative Achievement."
Our community can and must count on A. Gould Hatch in our Legislature if good government is to be pre-
served for the people.

LEO T. MINTON, Judge, City Court
The duties of Rochester's Voluntary Public De-
fender were dropped on Leo T. Minton in 1938.
He served in City Court from 1939 to 1939 to
defend those found guilty and unable to obtain legal coun-
sel. He served as supervisor of the Eighth Ward for
eight years and his 23 years as a practicing attorney
and former public defender taught him much about
how to pursue his profession. Leo T. Minton brings his abilities and his enthusiasm to bear on the problems of the individuals and the public.
