SAM SALONE and the DEMOCRATIC PARTY MOVES FORWARD!

One of America's greatest poets was Henry W. Longfellow, and if I recall correctly, he wrote a poem which contained this phrase—"A pause in the day's occupation which is known as the Children's Hour."

The lines from this beautiful poem could easily apply to our present political campaign because candidates, publicity people and voters in general appear to be very much like children when we look upon them in the light of day—with charge and countercharge bordering upon the possible and the impossible; all to gain the attention of an unsuspecting public.

Therefore, we take this opportunity to commend particularly the DEMOCRATIC PARTY and the ENTIRE TICKET—Plus the County Chairman, William Posner, and the Democratic Ward Leader of the 7th—SAMUEL SALONE, for their forthrightness in recognizing the majority groups as well as the minority voters.

The program of the Democratic Party on the municipal level has always emphasized honest government, capably administered to provide residents with a clean, safe, healthful community. It is our municipal government that determines the conditions under which its residents live and the basic right of association, discussion and group social and political action. Democracy can be real only as these basic freedoms are secure in the local community. Political freedom is incomplete without social and economic well-being. The people who live in this community are dependent upon municipal administration for decent dousing, education, sanitary conditions, welfare services, and the protection of life, as and property from violence and conflagration. It is the local government to which people look for recreational services, transit facilities, and many services which are required during their daily existence.

SAM SALONE—Leader of the 7th Ward, deserves your support—Colored and White Americans; because he has always stood for these things and has always had a special feeling for the poor man—to wit: First Negro truck drivers in the D.F.W.; First Negro election inspectors; First Negro Deputy Sheriff; First Negro playground inspectors; Some of the first Negro Postal Workers; Negro Foremen on D.P.W.; works projects; First Negro NYA workers; State D.P.W.; scores of other jobs and positions in local and state governments. And now the human side of the man—he can always be relied upon when you are in trouble—when coal or fuel was needed or in sickness or in health—the byword has been for years—"Send for SAM SALONE"—He'll call. And now last of all those folks who may be interested in taking over his leadership in the 7th Ward we say "You've Got A Real Job on Your Hands" if you expect to even begin to fulfill this man's shoes.

QUESTIONS OF GOOD GOVERNMENT

1. ARE SEWER RENTAL CHARGES HIGH IN HENRIETTA?
   YES. Henrietta charges up to thirty cent more for water than do other Monroe County water districts that buy water from the same source. Henrietta is collecting tens of thousands of dollars in excess water charges each year. Where does this money go? Is it misappropriated? Is the water department inefficient? Vote DEMOCRATIC and save money.

2. ARE WATER RATES HIGH IN HENRIETTA?
   YES. Henrietta charges up to thirty percent more for water than do other Monroe County water districts that buy water from the same source. Henrietta is collecting tens of thousands of dollars in excess water charges each year. Where does this money go? Is it misappropriated? Is the water department inefficient? Vote DEMOCRATIC and save money.

3. ARE ASSESSMENTS FAIR IN HENRIETTA?
   NO. Your assessment is determined by the personal opinion of the assessors. There is no system in Henrietta to assure you that all real estate is assessed fairly. Is industry paying its fair share of taxes? Are the town officials paying their fair share of taxes? Taxes must be determined by an objective system available for public inspection. We propose to adopt such a system. Vote DEMOCRATIC and save money.

4. DO SOME HENRIETTA TOWN OFFICIALS SELL NEEDED GROWTH?
   YES. J. P. Maggiit works for an oil company that sells oil to the town. The chairman of Planning Board was forced to resign because the public demanded that he stop being paid by both the town and a local builder. Town officials must represent the public, not private organizations. Vote for CLEAN GOVERNMENT. VOTE DEMOCRATIC.

QUESTIONS OF GOOD GOVERNMENT

5. IS THE SAFETY OF ALL RESIDENTS OF HENRIETTA PROTECTED BY TRAFFIC LAWS?
NO. Many residential streets should have twenty-five mile per hour speed limits to protect our children. Parking on main roads should be forbidden. Adequate off-street parking should be required. VOTE FOR SAFE HENRIETTA. VOTE DEMOCRATIC.

6. HAVE YOUR PRESENT TOWN SUPERVISOR AND HEALTH OFFICE EVER SHOWN FAVORITISM TO LOCAL BUILDERS?
YES. Lavish weekend entertainment have been accepted by these men. Such behavior is not in the best interests of the citizens. Under the Democrats this will not be tolerated. VOTE DEMOCRATIC.

7. ARE YOUR HOMES PROTECTED FROM THE ERECTION OF INDUSTRIAL AND COMMERCIAL ESTABLISHMENTS IN THE LOT NEXT DOOR?
NO. The town has a record of allowing variances to zoning law with no regard for the neighbors’ opinion. Under written and verbal protests from affected neighbors in the only AA zone in town, the present town government rezoned 600 acres to industrial use. Now a AA residential zone overlooks factory sites.

JUDGE A. J. STEVENS

(Picture on Page 1)

The Democrat and Chronicle Publishes the Story that Harriman is to name Negro Justice to Appellate Court.

Governor Harriman said today he would designate Justice Harold A. Stevens as the first Negro member of the Appellate Division, second highest court in the state.

The Democratic governor said Stevens, a Manhattan resident, who was the first of his race on the State Supreme Court, would be named at the end of the year.

Harriman appointed Stevens to the Supreme Court in July, 1955. On the Appellate Division, he will succeed Justice David W. Peck, who will retire December 31.

Peck has been presiding justice of the Appellate Division, First Department, which embraces Manhattan and the Bronx.

Harriman already has announced his intention of appointing Justice Bernard Botwin to succeed Peck as presiding justice.

Harriman said that before deciding to designate Stevens to the higher court, he consulted with other justices of the Appellate Division and other members of the judiciary.
