Democrats to Sweep City. Signs Point To Grand VICTORY!

EMMETT L. DOYLE
For City Court Judge

ROBERT E. O'BRIEN
For Councilman, So. Dist.

JACOB GITELMAN
Board of Education

JOHN G. BITTNER
For Councilman, NE Dist.

HENRY L. GILLETTE
For Councilman NW. Dist.

DR. LOUIS CERULLI
Board of Education

"The big issue is high taxes," said Henry E. Gillette, Democratic candidate for City Council for the Northwest District, in a statement issued last night.

"City Republicans have been mutually admiring their own stale ideas for years," charged Robert E. O'Brien, Democratic candidate for the South District last night.

"The people of Rochester used to brag about the quality of their school system. They no longer do," said Judge Jacob Gitelman, Democratic candidate for the Board of Education, in an interview last night.

"I strongly favor the idea of a Community College for Rochester," said Dr. Louis Cerulli, Democratic candidate for the Board of Education, in a statement issued last night.

"When citizen meets Councilman directly, his concern is most often a clogged sewer, damaged road or snow-filled street," said City Councilman John G. Bittner, who is running for re-election in the Northeast District, in an interview last night.

"I tackle these problems right..." (Continued on Page 6)

Hold the Line With Sam Salone and the Democratic Party!

(AN EDITORIAL)

On Tuesday, November 3rd, you will have an opportunity to go out and vote the straight Democratic Ticket. And when you do, you will be among the victorious Rochesterians on November 4th, in Rochester and Monroe County.

We take this opportunity to commend the Democratic Party; the entire Ticket—plus the County Chairman, William Posner and the dynamic Ward Leader of the 7th—SAMUEL SALONE, for the forthright manner in which he has recognized both the majority and minority groups.

SAM SALONE: Leader of the 7th ward deserves your support—Colored and White Americans, because he has always stood for these things and has always had a special feeling for the poor man; to wit—First Negro Deputy Sheriff; First Negro Election Inspectors; First Negro Truck Drivers for DPW; first Negro playground instructors; Some of the first Negro Postal Workers; Negro Foremen on DPW works projects; first Negro NYA workers; State DPW and canal workers and scores of other jobs and positions in local and state governments. And now, the human side of the man—he can always be relied upon when you're in trouble—when coal or fuel was needed or in sickness or health—the byword has been for years, "Send for Sam Salone; he'll help me."

And to those who might be interested in taking over his leadership in the 7th Ward, we say "you've got a REAL JOB on your hands, if you expect even to begin to fill this man's shoes."

Paging MR. CHARLES DECARLO, Republican Leader of the 7th Ward: Mr. DeCarlo, what did you do when the 72 jobs held by Negro voters of the 7th Ward were promised everything but the kitchen sink? Mr. DeCarlo, why, after having the services of all these people terminated, why did you not give these jobs to the faithful Negro voters of the 7th Ward? Why did you refuse to give these jobs through Republican Headquarters to the Negro Republican committeemen of the 7th Ward for distribution among worthy Republican voters of the 7th Ward?

Why did you insist on giving just a few LABORING jobs to the Negro Republican voters of the 7th Ward and keeping a few of these on some of these jobs by promising everything but the kitchen sink?

We believe that you have, by these tactics, set back the status of the Negro Republican Party many years. As a professional man, you must know that there are capable Negro Republicans, willing and able to serve in these and other positions, and that these jobs mentioned were secured by Sam Salone, the DEMOCRATIC WARD LEADER.

Paging MR. LESTER PECK, Supervisor of the 3rd Ward: We wish to take this opportunity to inform the voters of the 3rd Ward that the incumbent, Lester Peck is the representative of the Republican Party as Supervisor of the 3rd Ward and has served two terms. We wish to remind the voters of the 3rd Ward that the Democratic Party has seen fit to nominate a Negro candidate for Supervisor in the person of Mrs. Constance Mitchell. (This is the third time that a Negro has been nominated for supervisor of the 3rd Ward by the Democratic Party.) With all due respect to Mr. Peck during his tenure of office, he has failed to take the pulse of the ward or to properly represent the voters of that Ward. Absentee landlords have been allowed to come in and exploit the taxpayers of the third Ward; nothing has been done to halt the deterioration of the area which instead has been invaded by parking lots, laundromats, and the like.

In answer to such charges at a public meeting, a short time ago, Mr. Peck is reputed to have said that a supervisor's duties did not consist of interference in these matters. We ask then, of the voters, that they let Mr. Peck know, at the polls that his lack of interest in their welfare along with his seeming arrogance, can be fittingly rewarded only by his removal from the job! A vote for Connie Mitchell, of the 3rd Ward; Al Lipschutz and Dick Papaleo of the 7th Ward, is a VOTE FOR PROGRESS!!

This newspaper is solidly behind the move to establish a local office of SCAD here in ROCHESTER.

E. BRUCE YOUNGS
For Councilman, E. Dist

"Service and responsibility are my pledges," promised E. Bruce Youngs, candidate for City Councilman for the East district, yesterday.

"I have had previous legislative experience," he said, "and dedicate myself to truly representing the East District citizens." Mentioning the "shocking news stories we've read this week about juvenile crime in New York," Mr. Youngs expressed special interest in legislation which would keep these tragedies from Rochester."

Mr. Youngs has been active in the 18th Ward with Church and Civic groups in the fight against delinquency.

As the Democratic Candidate in 1957 for Supervisor in the 18th Ward, he was defeated by only 121 votes.

After the disastrous fire on Webster Avenue, Mr. Youngs fought for a hearing before the City Council and with a large group of citizens, he appealed for better protection and security for the taxpayers. The new firehouse soon to be erected on Parsell Ave., is due to the efforts of this protest.

As a member of the City Council Mr. Youngs has promised to fight any unnecessary spending and to do everything possible to relieve the tax burden.
The Republican Party of the 7th Ward under the leadership of Mr. Charles DeCarlo nominated Mr. Andrew Frosini, proprietor of a tavern located at the corner of Wilson and North Streets, as their candidate for Supervisor of the 7th Ward. Mr. Frosini is married, has a family and a newcomer to politics. A veteran of World War II, Mr. Frosini is a member of Veterans organizations in Rochester and Monroe County. He is a resident of the 7th Ward.

Rocky Simmons

For Constable, the Republican Party of the 7th Ward nominated Mr. Rocky Simmons, popular sportsman and athlete. A photographer by profession, Mr. Simmons is married and has 2 children. He conducts a photography studio at 40 Nassau St. Born 42 years ago in Bogalusa, Louisiana, he migrated to Rochester via New Jersey 13 years ago is employed by Spady Construction Company as supervisor of construction. He is well known in the field of athletics, having sponsored the semi-pro basketball, baseball and football teams in this area during the past several years. He is responsible for the discovery of many outstanding athletes from this section.

Mr. Simmons and Mr. Frosini earnestly solicit your support.

Editor Addresses Annual Conclave of International F. & A. M. Masons

On Saturday evening, October 24th, Howard W. Coles, editor of this publication, was the featured speaker at the formal banquet held at the Frank L. Brown Memorial Hall in Oregon Street by International F. & A. M. Masons. His subject was "Integration and Politics."

Delegates from various sections of the country were in attendance. In his speech, Mr. Coles urged the delegates to fight for the inclusion of Negro history in the curricula of the schools in their areas. He pointed out the example of the Jewish peoples who insure that the wonderful history of their people shall not be lost by inculcating it in their children. In much the same way, he stated, should the history of the Negro be taught to our own children.

Here is a man who is considered a "dynamo" not only in his own district but throughout the community. He has a record of getting things done. His many contributions to better living in Rochester have resulted in getting him tapped for Councilman of the Northeast District. A resident of that district for 38 years, Mr. Boyko is married and the father of 3 children. His education has been received in the Rochester Public Schools, RIT, Univ. of Miami, Fla., and he is currently director of the Real Estate Board of Rochester. He served with the U. S. Air Force during World War II, being honorably discharged with the rank of T/Sargeant. For flying 27 missions, he was awarded the Purple Heart and three Air Medals.

Monroe County Republican Committee
The Frederick Douglass Voice

For Democratic Supervisor of Third Ward

The issue at stake is NOT that Lester Peck is a white man and a Republican and that Connie Mitchell is a Negro woman and a Democrat. These are merely superficial, though we feel bound to say that if Lunsford had any race pride at all, he would be in Connie’s cheering section for certainly she has attained a dramatic FIRST in becoming the first Negro woman candidate in the City of Rochester. But the issue is this: that since the days of the Romans, the Divide-and-Rule policy has worked with all minority groups wherever it has been tried and it has been men like Lunsford, their petty egos inflated by their majority-class bosses, who have implemented the Divide-and-Rule plan. It works against that very minority of which they are a part. It’s possible that Lunsford may feel some lingering loyalty to his Republican Party because it gave him a small job back in the days when he first came to Rochester as a struggling young man. But the fact remains that even to an impartial observer the 3rd Ward is in deplorable condition. It has been thus throughout the years; when housing was needed, Lunsford plugged the party line for housing — until the VOICE came up with a plan: then Lunsford hollered “segregation!” When a small group of citizens favored a community center, Lunsford again disagreed; no one had solicited his opinion; his little feelings were hurted!! Two days ago, Peck says conditions “aren’t too bad” and today Lunsford yells, “Let’s re-elect him.” Can you imagine how different would have been his cry had he been Connie who said “concludes that things aren’t so bad.”

Dr. Lunsford, unless his inordinate vanity was pandered to, has opposed them. He appears to forget that he is no longer a novice, the ONLY Negro doctor in Rochester—but is now surrounded by men who greatly overshadow him in his own field. Or mayhaps that is what rankles his nose. When housing was needed, Lunsford plugged the party line for housing — until the VOICE came up with a plan: then Lunsford hollered “segregation!” When a small group of citizens favored a community center, Lunsford again disagreed; no one had solicited his opinion; his little feelings were hurted!! Two days ago, Peck says conditions “aren’t too bad” and today Lunsford yells, “Let’s re-elect him.” Can you imagine how different would have been his cry had he been Connie who said conditions weren’t too bad? It was thus thrust upon the years; when ever people have come to Rochester full of high purpose for improving the lot of the Negro, Dr. Lunsford, unless his inordinate vanity was pandered to, has opposed them. He appears to forget that he is no longer a novice, the ONLY Negro doctor in Rochester—but is now surrounded by men who greatly overshadow him in his own field. The Cummings Recreation Study presents an imaginative and concise picture of what the recreational facilities of this city should look like. If these proposals were adopted it would return Rochester to the first rank of cities so far as parks and playgrounds are concerned. We want to call the attention of the City Council to a particular part of the Cumming’s Report. That part has to do with the need of additional facilities in the Bronson Ave. area. A trip by any member of this council to the area any hour of the day or early evening will provide adequate testimony for the establishment of a new recreational system for the neighborhood...

I do not think it is necessary at this hearing to go into detail
EMMETT L. DOYLE

(Continued from Page 1)

A native of the city, Doyle has one of those rare and valuable natures which ploughs through the job to be done, then goes on to meet the next challenge.

Since 1942, he has been a partner in the law firm of Nier and Doyle, which he joined after serving two years as an Industrial commissioner in the State Labor Department for the Rochester area. He also served as a referee for the Workmen's Compensation Board and as an arbitrator in labor matters, and in both posts exhibited the maturity and integrity of the judicial mind together with the inventiveness of the skilled observer of human nature.

As a member of the New York State Senate in the late 1930's Emmett Doyle was the proud sponsor of the "Little Wagner Act"—the State laws which guaranteed for the first time within the state the working man's right to organize and bargain collectively.

Before winning his state senate seat, Doyle served as the majority leader of the Monroe County Board of Supervisors. In that post and as Supervisor of the 18th Ward, Emmett Doyle vigorously kept the Democratic tradition of making needed innovations.

Doyle, a graduate of East High School and the University of Buffalo Law School, also was active for several years in law editorial work for the Lawyers Cooperative Publishing Co.

A member of many local civic clubs, Doyle is a past president of the Rochester Athenians Club, and the Locust Hill Country Club. He is a member of the 18th Wd. Businessmen's Association and the Knights of Columbus.

He is married to the former Marion Holihan and the father of four children. They live at 125 Dalkeith Road.

HENRY E. GILLETTE

(Continued from Page 1)

In these words, Judge Gillette declared war on the fiscal irresponsibilities into which our Republican dominated City Council has led us. Judge Gillette, an authority on taxes, returned to private practice in Rochester last April, after three years as Counsel to the New York State Department of Agriculture and Markets.

A former public servant in Rochester, Judge Gillette was elected City Court Judge here in 1950 and sat in the Criminal and Civil Branches of the Court until January, 1956.

of the 3rd Ward and the City of Rochester

ELECT
PATRICK BIANCHI
Democratic Supervisor
11th Ward

RE-ELECT
TOM FANTIGROSSI
Democratic Constable
11th Ward

To the voters of the 11th Ward:
We would like to remind you
that for the past 10 years, the Democratic Party has been consistently making gains under the leadership of John L. Cocca, Executive Committeeman of 365 Allen St. He has been a lifelong resident of the ward, having edited, for a number of years, the Italian newspaper. He is a barber and formerly operated a printing shop. He is a member of the Italian community and has been an active participant in community affairs. He is a former member of the Barbers’ Advisory Committee of the Dept. of State, State of New York. He is a member of the Monroe County Veterans Advisory Committee; he is married and the father of two children. Two years ago, he and his indefatigable workers elected a Democratic Supervisor in the 11th Ward and he intends to repeat this victory with the help of the democracy-loving voters of the ward. The people of the 11th Ward have unanimously chosen and nominated Patrick Bianchi for Supervisor, an outstanding leader and worker in the community; and for Constable, Tom Fantigrossi; a civic-minded worker in the 11th ward. These Democratic candidates have
the interest and general welfare of the people at heart, and if elected, each and every voter of the 11th ward, regardless of political affiliations will find these elected officials ready at all times to aid them in solving the various problems that confront citizens of any community during the 12 months of the year. Lastly we say, the VOICE Newspaper endorses not only the Monroe County Democratic Committee, but these candidates running for office in the 11th ward. Go out on Election Day, Tuesday, Nov. 3 and hitch your wagon to a star.
