The Rev. Quentin E. Prime, NAACP Pres., Paul Zuber, NAACP State Atty., Reginald Ingram, Regional Director of SCAD.

Some of the hopes and aspirations of people who live in blighted sections of a city are symbolized in this photo-study of a Rochester high school girl taking part in one of the study programs at historic old Baden Street Settlement. The settlement now is celebrating the 60th anniversary of its service to that area of the city—an area so ancient that it is now the scene of a massive redevelopment project. The settlement knows that a physical face-lifting will not erase all of the problems; and so it has invited neighbors and city officials to the settlement house. Photo is by Kenneth F. Howe of 1640 East Ave. — D&C Photo

GIFT OF FELLOWSHIP—Truly a gift of Christian Fellowship and one of the most prized of many presented to Grand Exalted Ruler Hobson R. Reynolds, right is his handsomely-bound copy of the Holy Bible, presented above, as a gift from New York Governor Nelson Rockefeller and being presented by the latter's son, Rodman Rockefeller, New York City and State officials hailed the Grand Lodge session as one of New York's greatest conventions.

acquainted with American-type business. She was Akweley Quanyoor of Ghana. She is a bride of three months, having arrived in America in June to become the wife of Eugene Oppa Quanyoor, who is a medical student at the University of Rochester. At the last meeting of the Business and Professional Women's Clubs, Inc., Mrs. Quanyoor spoke to the group on the woman of Ghana, Africa. We welcome this fine couple, who is our guest and hope they will enjoy their stay in Rochester.

Many police cases have come up this week in Rochester courts concerning discrimination. One of them has been interested in the case of Etta Salamai of 55 Champlain St., who was arrested on three charges: Disorderly conduct, resisting arrest and assault, none of which she is guilty. The police were called because of a disturbance in the neighborhood by other people; and they arrested Mrs. Salamai, when she was innocent of any wrongdoing. The Democrat and the Chronicle stated that Mrs. Salamai and her two daughters beat up the policeman, which was most incorrect. A very capable attorney, Reuben Davis, is representing Mrs. Salamai and her two daughters. I will keep you informed regarding the trial and the outcome of this great miscarriage of justice. Your columnist has been covering the case.

A changing city is showing in the faces of many who may notice the increased race City Hall employees. Not too long ago there were only one or two but not today. A young colored clerk told me that he had been promoted to the clerks’ job not too long ago. This means conditions are getting better as far as jobs for the minority group are concerned. We hope they will continue to improve because there is a great need for trained people in many offices.

We were surprised to see the headlines in last week’s Criterion—“Rochester Suburban Builders Charged with Discrimination” which is a long overdue headline. I hope someone soon with the assistance of Field Manager, Rev. Allen, we will be able to do a complete coverage of the housing situation here in Rochester. This is a common complaint in the city of Rochester, which the entire country should know about. Instead of always painting a finger at the segregation in the south much better to be said regarding the northern pattern of segregation which does exist in many northern cities. Credit must be given the southern whites for their trouble in feeling superior to the Negro, who is disliked just as much in the north the only difference being the laws are different. Hatred is out in the open in this country, world wide and each and every person must begin to love a bit more before hate outweighs the whole world. This could be solved by only practicing the Golden Rule “Do unto others as you would have them do unto you.”

NAACP "Resurreets" Five Point Plan

The September 21, 1951 issue of the ROCHESTER VOICE carried in 14 point type on page one the heading:

TELEPNI AND LEAGUE PRESENTS
CITY OFFICIALS WITH
FIVE POINT PLAN
Plan Would Alleviate Conditions
and Aid Migrants
Suggestions for the relief of the conditions that exist in the Kelly Street Area.
This Five Point Program Suggested by the Frederick Douglass Landlords and Tenants' League:

1. Loans for mortgages on homes.
2. A local evening adult trade school to teach building repairs and maintenance and home economics.
3. A program of education for migrants as follows:
   A. Signs to be attached to lamp-posts reading as follows: It's against the law to throw refuse in the streets or yards.
   B. It's against the law to use auto horns except to warn of danger, etc., etc.
4. Social workers who are interested in community life. College degrees not essential.
5. A county program closely associated with the various county growers associations to be set up and maintained by Monroe County, clarifying each responsibility for the care and supervision of migratory workers, from the time of their arrival in our county to the conclusion of the season. At this time our County Relations group should immediately contact the released workers and assist them to complete their return to the point from which they came or assist proper refitment to our standards of community life. This will provide valuable information that the county can take back to the Growers' Cooperative Association and establish the percentage of gain or loss from importing these migratory workers to our community.

Our program of entertainment in the form of movies uses one of the city's discarded ambulances as a mobile equipment. To go along with the movies proper instruction for proper refitment to Rochester community life.

"We do not advocate running them away."

In the issue of the VOICE dated December 21, 1951, this headline appeared:

Five Point Plan Will Go Into Effect
January 1, 1952
The entire plan, except for the suggestion regarding the use of discarded ambulances as mobile equipment for movies, was adopted.

Robert Warfield was employed four nights a week to teach music appreciation at No. 19 school; David Viulet and Howard Coles were instrumental in setting up the Kelly Street Center for the youth of the neighborhood and the formation of the Frederick Douglass and Kenneth B. Townsend Band and Drum Corp which is known today as the Kenneth B. Townsend Band with some 80 members from the youth of the city. An attempt was also made to set up a counseling service for young married couples with offices at No. 9 School and a plan was instituted to assist the migratory worker of adjacent areas in securing jobs, homes and church affiliations in the city at the conclusion of their work.

Undeniably, this improvement program did much for the situation.

Undeniably — and unfortunately — it would appear that once again the situation in Rochester has deteriorated.

A similar program was recently launched by the local NAACP. This included street meetings with the following objectives:

RESPONSIBILITIES OF THE POLICE:
1. To prevent crime.
2. To protect life and property.
3. To suppress criminal activity.
4. To regulate non-criminal activity.
5. To preserve the public peace.
6. To afford fair and impartial treatment in the exercise of their authority.

RESPONSIBILITIES OF EVERY CITIZEN:
1. Submit peaceably to lawful arrest.
2. Submit peaceably to lawful search.
3. Know and obey the law.
4. Cooperate with law enforcement agencies.
5. Recognize the fact that other people have rights and privileges.

RIGHTS OF ARRESTED PERSONS:
1. Right to know why arrested.
2. Right to contact an individual by phone if arrested.
3. Right to the benefit of legal counsel
4. Right to make bond if offense is bailable.
5. Right to a speedy trial.

Participants in these meetings included Manuel Diaz, Dr. Walter Cooper, Mrs. Mildred Johnson, Rev. Robert E. Warfield, Stanley Thomas Sr., Howard W. Coles, Rev. A. N. Gibson, Laples Ashford, Dr. William Lee, Mrs. John MacDonald, Rev. Quintin Primo and Lotus Carson.

Council Opens Fall Sessions

The Catholic Interracial Council of Rochester held its first fall meeting on Tuesday, October 17, 1961, at St. John Fisher College, at 8:00 P.M. in the Auditorium of the Chemistry Building (housed at the left rear of the central administration building.)

The Rev. Quintin E. Primo, Jr., President of the Rochester Branch of the National Association for the Advancement of Colored People, presented an analysis of the situation in Rochester today. Mr. Herman Wals, President of the Catholic Interracial Council of Rochester, spoke on the present status of the CIC.

Father Robert G. Kreckel of Immaculate Conception Church is chaplain of the Council.

Meetings are planned for the fall and winter months.

Lloyd Hurst Appointed To New Position As Special Assistant To GOP Chairman

Gordon A. Howe, Republican County Chairman, announced appointment of Lloyd Hurst as special assistant to the GOP County Chairman, a new position in the party structure.

Hurst has been co-chairman for the past two years of the Republican Forum sub-committee. He is a member of the 50-member GOP forum, a group that acts in an advisory capacity to the County chairman on a year-round basis.

Hurst announced the appointment of Hurst at a meeting of the Forum at the Campanile Center, Market Street last Thursday, October 18.

In making the announcement, Howe declared:

"This appointment is made in recognition of our awareness of the problems in our community as they relate to our Negro citizens. It also is in recognition of Mr. Hurst's loyal and effective leadership in assignments of responsibilities for the Republican Party. It is increasingly important for the party to keep abreast of minority problems in the community and to have advice on solutions to these problems. These are vital functions and Lloyd Hurst will perform as an advisor directly to the county chairman. He also will attend all future meetings of the Republican Executive Committee and participate in Republican policy decisions."

In acknowledging and accepting the appointment, Hurst stated:

"I am proud to be selected for this position which I will do my best efforts. I accept this appointment not as a personal honor but rather as a recognition by the Republican Party and by Gordon Howe of the dedication and the need for the Negro community. I feel that this is a further step toward full recognition for Negroes within the structure of the Republican Party. My work with the Republican Party is one of those assigned to the job of drafting important plans in the platform has convinced me of the necessity of full recognition for Negroes by the Republican Party."

Hurst is a member of the law firm of Hurst & Davis. He also is executive legal advisor of Monroe County View Chairman of the Human Relations Commission, member of NAACP, chairman, Board of Trustees, Mt. Olivet Baptist Church; trustee of the Men's Service Center; a member of Masons, Elks, and Shrine. He is married and has two children. The Hurst residence is at 60 Cathedral Road in the 1st Ward.

Lawrence Has Good Record

There are few men in the field of politics that have worked harder than Frank Lawrence, Eleventh Ward Republican Leader. He has always been in the forefront in the battle for better living conditions and all types of ward improvements, for the benefit of all the citizens of the Ward.

"Let's look at the record. For the past 12 years or more he has worked as a Ward Leader and has served three terms as supervisor of the Ward. During this time, he has been instrumental in securing many jobs for the citizens of the Ward. He has worked with playground committees, welfare workers, street improvement agencies, better lighting and welfare committees, welfare and social groups."

"Remember on Election Day, he deserves your support and your VOTE!"

Teachers' Panel Advised On Human Relations in Public Schools

A group of some 60 teachers, meeting here in Rochester for the fall conference of the Rochester Federation of Classroom Teachers (AFL-CIO) in School 2, agreed that instructions in human relations in the public schools of Rochester depends upon: individual teachers for leadership.

Speakers on this subject included Lefitus Carson, executive secretary of the Monroe County Human Relations Commission, Rabbi David Ben-Ami of Temple Emanuel in Irondequoit and Rev. Robert C. Kreckel, moderator of the Catholic Inter-racial Council of Rochester.

Kenneth M. Storaasli, executive director of the Council of Social Agencies, felt that the time may be ripe to include human relations in the curriculum as a specific course since "children need understanding of this subject as well as others."

Raymond S. Iman, head of the social science department at Franklin High felt that classes in human relations might be extended to real estate dealers and personnel management than to school children.

Rabbi Ben-Ami expressed disappointment that the masses of teachers give only lip service to human relations and democracy.

Father Kreckel contended that white students who have no contacts with Negroes particularly need educating in this prejudice of the uninformed.

Rabbi Ben-Ami expressed the opinion that white students who have no contacts with Negroes particularly need educating in this prejudice of the uninformed.

New York—(NC)—An insurance firm official and a woman social worker have been chosen to receive the 1961 James J. Hoey Awards for Interracial Justice.

Ralph Fenton, official of a fire insurance firm in Norwood, Mass., was selected as the white recipient and Mrs. Oasma Spurlock, Indianapolis, Ind., social worker, was chosen as the Negro recipient of the annual honor.

The awards are named for the late James J. Hoey, a pioneer in race relations work in New York. He helped to found the Catholic Interracial Council of New York and served as its first president.

Fenton is active in work of the Boston Catholic Interracial Council and is in the Third Order of St. Francis at St. Anthony's Shrine in Boston. Dear Maxie Maxwell:

It is pleasing to think for three minutes of the magnitude of a newspaper—just one edition that will cost me almost $2000. That's a very substantial amount of other riches, plus the costs of promotion since last April, we might look at the picture with a better perspective of the future.

If we produce a thirty page newspaper chocked full of local news, stories, conferences, pictures and a successful newspaper. I repeat: we need each other. In dollars and cents, what would you start for? What is the picture with a better perspective of the future.
