Dear Editor:

The New March of Dimes 1962 campaign in Rochester and Monroe County raised funds for a stepped-up battle against diseases that disable millions of Americans. The announcement was made by Edward Wood, Monroe County campaign director. The drive continued through January 31, with the annual Mothers' March on January 29.

In one of his first official acts, Rochester Mayor Henry E. Gilliatt proclaimed January "New March of Dimes Month." In an appeal to county residents, the campaign director said that contributions to the drive were needed by the National Foundation to finance widening attacks on crippling birth defects, arthritis and polio.

"The battle is to prevent these crippling diseases, and the accelerated research program financed by The National Foundation is our brightest hope," he said. "But we are broadening our program of patient aid at the same time. Pain cannot wait."

The director explained that establishment of chapter-sponsored special treatment centers and evaluation clinics had been speeded up during the past year. These centers provide improved medical services in treating patients not receiving adequate attention from other sources. In addition, National Foundation chapters with sufficient funds have been authorized to aid victims of all types of birth defects where such help is needed.

"The need for these programs, in addition to the continuing aid we furnish victims of paralytic polio, can be seen from the huge numbers of people with disabilities caused by birth defects and arthritis," he continued. "More than 11,000,000 Americans suffer from arthritis or rheumatic diseases. As our medical advisors tell us, in the vast majority of arthritis patients, disability can be prevented or reduced through early diagnosis and early treatment."

"More than 250,000 American children are born each year with a significant birth defect that may cause lifelong disability. Many congenital defects go unrecognized in children but cause problems in later life."

"Treating this enormous disease problem takes money. We volunteered in the New March of Dimes are proud of the record of our communities in the past in supporting the fight against polio that led to the polio vaccines. Now, in the larger battle, we say that "Your Dimes Will Do It Again."
Young "Mr. Music"

Raymond Walker, son of Mr. and Mrs. William Walker, Lake Road, Bergen, N.Y., is a member of the Class of 1962 of Byron-Bergen Central School. At the present time, Ray is completing his major sequence in Agriculture. At the time of his graduation next June, Ray will have completed not only his special program but also an extra-curricular program which is extensive and varied.

One of the strongest interests that Ray has is in the field of music, both instrumental and vocal. He has been in the Concert Band for four years and has played first trombone in this organization for the last two years. During his Sophomore year, he performed in the All-County Band and played a trombone solo in New York State Festival Competition. During his Sophomore and Junior years, he was chosen to be a member of the New York State Future Farmers of America's Band.

Ray has been an active participant in chorus throughout junior and senior high school. He has been selected to represent Byron-Bergen in junior and senior high choruses and for two years has participated in All-State Sectional Festivals. Such students are selected for their ability and outstanding work.

Among the highest honors Raymond has received are successful auditions each of the last two years (which enabled him to appear as a member) of the All-State Conference Chorus. This group of approximately two hundred students each year is chosen to appear at the New York State School Music Teachers Conference. Students throughout New York State compete for a place in this chorus. The competition is stiff and it is greatly rewarding to be able to sing with such an excellent group that is directed by a nationally-known conductor. The last two years Ray achieved outstanding success as baritone soloist at school's fall concert. His musicianship and fine voice have been recognized at competition festivals where he has in consecutive years received a "B" rating in Grade III music and an "A" rating in Grade V music. The colors are rated according to difficulty.

For two years Raymond has shown superior leadership as president of the High School Concert Choir. He has appeared at community functions and as church soloist. Ray's music teachers feel that interest, consistent practice and natural ability have contributed to help Ray achieve these successes in music.

Ray is very well liked and respected by his fellow students. During his junior year he was elected president of the Student Council of our Junior-Senior High School. Students from the Junior and Senior classes are eligible for nomination to the office, and all the students in grades 7-12 have a vote in this election. As President of this Council, Ray directed the student body's activities last year which included: assemblies, dances after basketball games, publication of school newspaper, giving of Christmas gifts to non-teaching personnel.

Athletics have also received some of Ray's time and efforts. He has played basketball, soccer and track for four years. He has been a member of the athletic department's Varsity Club for the past two years, and presently is serving as president of that group.

Ray has been a member of the Byron-Bergen Chapter of the Future Farmers of America throughout his high school years and was the vice-president during his junior year. For the past two years Ray has been a member of the staff which produces the school's yearbook, "The Anthny.

Raymond received the God and Country Award from Explorer Post No. 50 at Bergen First Presbyterian church; the highest award an explorer scout can receive. This took place at the age of 16, in the year 1958. And in recognition and appreciation and while a member of the Senior Choir of the First Presbyterian Church of Bergen N.Y., where he is a member.

Young "Mr. Music" would be my description of Ray Walker, a boy with personality, ability, and fine character.

He is a member of the Bergen Fire Department Band. Right corner man in the front row is his position in line. With his physical stature, neat personal appearance and swing trombone his place in line as anchor man is most capably filled.

He has a natural ability for music and a natural sense of good timing. His quickness to cooperate and his ease in meeting people along with leadership qualities makes Ray a four-star young man.

ROCHESTER DECLARATION of DEMOCRACY

The right to full enjoyment of all public facilities and prerogatives is an inherent right of all American citizens, sanctioned by our laws and by the highest principles of our democratic society. It must, therefore, be granted and enforced not only by constituted authorities, but by the daily acts of all Rochester citizens.

We, therefore, pledge ourselves, that by our personal acts and through our respective organizations — from pulpits and pews, labor halls, classrooms, business institutions and offices of government — we will do everything within our power which will establish these principles as the way of life in Rochester.

In our daily lives, we pledge ourselves to work vigorously to demonstrate that Rochester wants no race-inspired violence, but rather, that Rochester is determined to be a city of decency and democracy, where all citizens, regardless of race, creed, or color, may walk with heads high, in peace and dignity, with complete security, no matter where they work, play, live, pray, or go. This is our firm and fervent belief and our open declaration of action. We invite all Rochesterians to join with us in making these principles a firm controlling force in the life of our city.

Rochester City Council Approves Creation of Urban Affairs Department

At a meeting of the City Council Tuesday, February 13th, the members voted unanimously in favor of the President Kennedy's creation of an Urban Affairs Department which is to be headed by Robert Weaver, a Negro. It was stated by Councilman Lamb that our Representatives in Congress from this area voted against this creation. Lamb felt it was not the essential thing to do, therefore he was in favor of the Council's going on record for the approval of such a needed Department due to the 'growth' of our cities.

"The CRADLE OF FREEDOM"

A Historical Narrative of the American Negro—his background—embracing all available and vital data relating to the commercial, financial, economic, industrial and social interests and activities, embracing a period of 116 years of the activities of the Negro in the City of Rochester, New York, and the great "Genesee Country."

This history is reinforced by official records, manuscript, recommendations from various pioneers, agencies existing before the Civil War as well as during the Reconstruction period, including tributes from many of Rochester's first citizens dating back to the year 1811, when Rochester was founded by Colonel Nathaniel Rochester. Spoken and written words by such famous persons as: A. Steward, Frederick Douglass, Harriet Tubman and scores of others. The book carries over 80 beautiful illustrations and engravings by the Gannett Photo Cast, numbering 450 pages, edited by Howard W. Coles, and published by the Oxford Press.

Foreword By DR. BLAKE McKELVEY, City Historian

Report for Board of Directors of Baden-Ormond Federal Credit Union

During the year of 1961 your Board of Directors, consisting of Mr. pilots, Mr. Hard- dy, Mr. Hirsch, Mrs. Quamina, and Mrs. Winters, have met regularly to carry on the business of our Credit Union.

For several years, Mr. Elser and Mr. Hall very kindly gave of their time to attend our books. As other demands on them increased, they asked to be relieved and we feel we have been fortunate in getting Mr. Donald and Mr. Moen- nette to act on our Supervisory Committee.

During the year, the maximum amount which may be loaned to one person was increased slightly to $2,000.00, and the unsecured loan limit was set at $700.00.

Your Board has repeatedly found it necessary to transfer cash not being required for loans to members into an interest-bearing bank account. This distresses us as it may be an indication that many of our members are going elsewhere for their credit needs and possibly paying higher rates of interest.

As a further service to some of our members, arrangements were made with the Baden Street Settlement to make payroll deductions for the Credit Union from those employees who requested it.

Growth, both as to members and as to dollars, has been at a standstill this year. There were only 14 new members during the year and there were 27 accounts closed. We hope that, with the new housing being completed and a vigorous education campaign which we are about to undertake, we can have a very different picture for you next year.

Of interest paid on loans during the year 1961, your Board voted to return 10% to those who were members of record at the close of the year. This would be the decrease in our interest rate by 20%.

In addition, from 1961 earnings, a 4.2% dividend on savings was declared and has been credited to your share accounts.

I am sure I speak for the whole Board when I say that we have enjoyed serving you during the past year and look forward to a bigger and better 1962.

Respectfully,
Mildred Quamina, President

A few items from the year-end Financial Report:

Outstanding Loans to Members $3,442.27
Shares (savings of members) 12,652.13
Total Assets of Credit Union 14,959.00
Cash on hand and in savings accounts 5,063.00
Total income for the year 1961, after interest refund 950.84
Total expenses for the year 338.61
There were 221 accounts at the end of the year.

During the year, a total of 44 loans were made for a total of $2,123.28.

Since Income Tax forms are something everyone has to deal with, and since they are an added expense if one gets help from someone who charges for the service, the Board feels that this is a problem Credit-Union members can mutually help solve for each other.

Several of our members who have had experience with income tax forms have volunteered to make their services available to other members in the neighborhood on a regular basis between now and April 1, 1962. They are:

Manuel Diaz — who can be reached every Wednesday evening in the Clubhouse of the Baden Street Settlement between 7:30 and 9:30 P.M.

Dudee Hardy — who is also Treasurer of the Credit Union, and who can be reached every Friday evening in the Credit Union Office in the Administration Building between 7:00 and 9:00 P.M.

If either of these members is unavailable at that specified time, he will try to have an alternative source.

If any other members who receive this have experience in doing income tax forms and have some time during the week available to volunteer to help, please let us know.

High Standards Sought by New Democratic Chief

Your new Democratic administration is determined to bring to the citizens of Rochester the very best government it is in our power to deliver.

For this reason we believe every employee should be familiar with the policies we consider necessary for an honest and efficient administration. They are:

1) Each employee, from the lowest to the highest, will be required to perform a full day's work. Unless otherwise instructed, administrative employees will work from 9 A.M. to 5 P.M., Monday through Friday. Work schedules in specialized areas will differ from this provision in line with the need to give 24 hour service to the taxpayers.

2) In no case shall an employee claim payroll credit or time off for extra work unless authorized in advance. No tardiness, unexplained absences or personal work on city time will be tolerated.

3) No employee shall accept any gift or payment from any outside person or corporation. There are no exceptions to this rule.

4) All city property is owned by the people of Rochester and is on loan to us to perform our duties in an efficient and economical way. Theft or conversion of city property will not be tolerated.

5) Any employee accused of violating these policies will receive full protection of his legal rights. If found guilty, he may be dismissed.

There is no implication here that any employee has been guilty of any of these practices. But it seemed that a firm and fair statement of the rules would be helpful to all of us.

We are firmly committed to a policy of complete honesty and strictness in the performance of our duty, as representatives of the people, charged with spending their hard-earned tax dollars.

THE PROBLEM
"Every person should be able to live where his heart desires and his means permit."
This statement in Governor Nelson A. Rockefeller's 1961 Message to the Legislature presents the core of the problem we face today. While any family is denied free choice in the fulfillment of this basic need, our protestations about equality are empty words and our free world stand impaired by denial of freedom at home.

ACTION BY THE GOVERNOR AND THE LEGISLATURE
To translate the principle of equality of opportunity into public policy, the New York State Legislature in 1945 passed a pioneering piece of social legislation—the Law Against Discrimination. In the preamble to this Law, the public policy of the state was set forth as follows:

"The Legislature hereby finds and declares that practices of discrimination against any of its inhabitants because of race, creed, color or national origin are a matter of state concern, that such discrimination threatens not only the rights and proper privileges of its inhabitants but menaces the institutions and foundation of a free democratic state."

The Law, as passed in 1945, covered discrimination as to race, creed, color or national origin in employment only but the areas of enforcement jurisdiction were extended through amendment to the Law during the years that followed: public accommodations, 1952; public and publicly-assisted housing, 1953-56; age (45-65) in employment, 1958; non-sectarian, tax-exempt educational institutions and associations, 1958; age (40-65) in employment, 1961; certain types of private housing, practices of real estate agents and lending institutions, and commercial space, 1961.

The last mentioned amendment (Metcalf-Baker Law) was signed by the Governor on April 11, 1961 to go into effect September 1, 1961. With the passage of this new legislation, the state took a significant step forward toward the Administration's goal of assuring to every family in this state equal, full and fair opportunities for housing accommodations.

EXPANDED HOUSING JURISDICTION
Under the Metcalf-Baker Law of 1961, the existing provisions barring discrimination because of race, creed, color or national origin in the sale or lease of public and publicly-assisted housing continue in effect. The amended Law extends the Commission's jurisdiction to the accommodations mentioned in the following list of covered practices, whether or not such accommodations are publicly-assisted:

SALE OR LEASE OF HOUSING ACCOMMODATIONS IN A MULTIPLE DWELLING (rental or cooperative apartment building of three or more family units—except that an owner-occupied unit is not included in counting the number of families in a dwelling), and all advertising or use of forms relating to the sale or lease of such housing.

SALE OR LEASE OF HOUSING ACCOMMODATIONS IN A HOUSING DEVELOPMENT OF TEN OR MORE HOUSES on land that is contiguous (exclusive of public streets) including one and two family houses, and all advertising or use of forms relating to the sale or lease of such housing.

PHARMACY & DRUGS

SALE OR LEASE OF ANY COMMERCIAL SPACE (factory, loft, office, or store), and all advertising or use of forms relating to the sale or lease of commercial space.

PRACTICES OF REAL ESTATE AGENTS IN SELLING OR LEASING HOUSING OR COMMERCIAL SPACE COVERED BY THE LAW and all advertising or use of forms relating to the sale or lease of any accommodations whether or not covered by the Law.

PRACTICES OF FINANCIAL INSTITUTIONS IN PROVIDING FINANCIAL ASSISTANCE FOR THE ACQUISITION OR REPAIR OF ANY HOUSING ACCOMMODATIONS OR COMMERCIAL SPACE whether or not covered by the Law and use of forms relating to such financial assistance.

AIDING, ABETTING, INCITING, COMPELLING OR COERCING DISCRIMINATION in any of the above mentioned practices.

Dear Editor:
I have just finished the February 2nd issue of the "Voice". Congratulations! I am proud of you as I know many others of this community are. As Editor of the "Voice" you have assumed a great responsibility. May I wish you the very best of luck in this great undertaking.

I was very pleased to learn that you were the new editor of the Rochester Voice and was sure that you would meet the challenge well. You may be pleased to know that I have long been a fan of yours by way of your well known column, "Millie's Writing Pen". Keep up the good work. I shall be looking forward to the next issue of the "Voice".

Sincerely yours,
Ted Harley

Dear Editor:
Not too long ago I heard a conversation going on concerning so many Negro Churches, but I listened and began to think, it is not for the church, where would the Negro be today? Really is food for thought. He is first to be fired and last to be hired, most persecuted, last to be defended, yet out of all this, he has maintained himself and upheld his integrity. These are not common occurrences or something that is supposed to happen, because he is a human being with five basic senses: hearing, tasting, seeing and smelling. He moved, walked, and crawled onward through all obstacles, yet there is something within him, when in slavery, that lets him forgive when cast down and causes him to love.

Yours truly,
James Watkins

Here's another good reason for having your savings account at Lincoln Rochester:

OUR INTEREST RATE ON SAVINGS WILL INCREASE TO 3½% PER ANNUM EFFECTIVE MARCH 1, 1962

Lincoln Rochester will add a full 34% to the interest rate paid on its savings accounts, effective for the quarter commencing March 1, 1962. The method of computation established June 1, 1961 will continue.

This new, higher interest rate is one more good reason for making regular savings at Lincoln Rochester a rewarding habit — a habit that will give you a feeling of confidence — a habit that will let you build to achieve your family goals, and make your daydreams come true.

Convenience is another advantage of a Lincoln Rochester savings account. You'll find that it's easier to save — because you can make a savings deposit when you're doing your other banking. The new interest rate offers an even greater incentive for you to enjoy the convenience of banking at Lincoln Rochester.

Columbia Banking Adds Original Picasso To New Art Collection

At an invitation showing late Tuesday afternoon in the Clinton Office of Columbia Banking Saving & Loan Association, Philip M. Liebschutz, president, announced a major addition to that institution’s Art Collection. Including in the six original works of art just purchased this weekend is an original crayon drawing of Flowers by the renowned Spaniard, Pablo Picasso. The drawing is in the original frame handmade by the artist.

Other additions to the collection include school children on the street, a rich and warm oil by Iver Rose. An Abstraction by Pierre Antoine. The delightful Impressions of Venice from the brush of Jean Calogeris and several more.

Mr. Liebschutz disclosed that he has acquired for his personal collection an oil study of horses by George Ellis. This latter work is similar to canvases which Ellis has painted recently for Queen Elizabeth and Princess Margaret.

The main part of the Columbia Collection, organized this fall by Herman Wechsler of the F. A. H. Gallery, Manhattan, now hangs with the new paintings at the Clinton office. The Collection includes original works of graphic art, watercolors and oils by leading American and European Artists. Among the compositions on display are those by Miro; the brilliant ex-patriot Mary Cassatt; a thoughtful study of a Seated Girl from Henri Matisse; others include a gentle work by Renoir showing one of his favorite models, his son Claude, writing.

While the works are presently at the Clinton Office, a prize winning building in the Better Downtown Contest, they will probably be displayed in Columbia’s other offices, according to Liebschutz, who pointed out, “It is our purpose to make Columbia’s buildings and interiors warm and friendly and we believe that the paintings help do just that. We also feel an obligation to bring these fine works to the community in order to provide additional sources where the public may see and study some of the world’s great treasures.”

The exhibit opened to the public Wednesday and is in Columbia’s Clinton office main floor at 40 North Clinton, near Sibley’s.
Boy Scouts Observe 52nd Anniversary

The Boy Scout movement was founded in the year 1910, the same year as the founding of the Mount Olivet Baptist Church. As we observe Boy Scout Sunday on this second Sunday in February, it is a time when we also observe Race Relations Sunday.

This year we are observing this day in honor of our own Troop 255, and Scouts all over the world. We should be mindful, too, that the observance of Boy Scout Sunday usually falls within a day or two of Abraham Lincoln's birthday.

Most of us are familiar with the Scout motto: "Be Prepared"; however, most of us are not as familiar with the Scout Oath, and especially the first portion of that oath: "On my honor I will do my best, to do my duty to God and my country."

God and Country strikes me as a good theme not alone for Scouting, but for all citizens of our nation, and especially for the "people of God". As members of the faith, we well remember from the early times of the Old Testament prophets to the present hour the fact that God has ruled in the affairs of men as they worked to build a nation. Abraham whom God asked to offer his son, Isaac,

As we observe Boy Scout Sunday on this second Sunday in February, it is a time when we also observe Race Relations Sunday.

As we observe Boy Scout Sunday on this second Sunday in February, it is a time when we also observe Race Relations Sunday.

Let me challenge you, in closing, in the five key areas of service to God and Country as set forth by the Boy Scouts of America: Christian Faith; Christian Outreach; Christian Citizenship and Christian Fellowship.

(My Personal View of Scouting

By. ERVIN E. BREYETTE

SCOUTMASTER TROOP 255

MT. OLIVET BAPTIST CHURCH

Scouting is the most wonderful thing we can give to our boys to teach them good citizenship, to take part in their church and community and to be helpful to other people. A scout's teamwork grows as he does things with other people. Teamwork born means partnership. In campouts, a scout brings his share of the firewood; at home, he shares in the chores to help his mother; thus doing his share in the family team. A scout's craft improves as he learns, step by step, the skills of hiking and camping. In this way he achieves the night expected of a scout. We,

Excerpts from a Sermon "For God and Country" in observance of Boy Scout Sunday, delivered at the Mt. Ojivet Baptist Church, Rochester by the Rev. Arthur L. Whitaker, Pastor.

as a sacrifice as well as Moses, Jeremiah, Hosea, Amos, Micah and a host of others felt the ruling and leading power of an Almighty God in their lives as they were driven to do the right.

Lest we forget, 99 years ago there stood a man in the White House in Washington, Abraham Lincoln, President of the United States, who was ever aware that God rules in the affairs of men as they strive to serve God and Country. As he signed the Emancipation Proclamation, freeing the Slaves, he made it clear that again and again he was driven to his knees seeking the will of God. Said he: "I pray that I and this nation are on the Lord's side."

It is, then, this attitude of mind toward God and Country which makes men great; not because they desire greatness, but rather greatness will come to any man as he would do the right as God gives him to see the right. It has produced not only a Lincoln, but a Frederick Douglass, a Woodrow Wilson, a Franklin D. Roosevelt, a Martin Luther King and a host of others in our time. Surely our present President, John F. Kennedy, continues to feel this attitude of mind as he is driven by a power within him.

Let me challenge you, in closing, in the five key areas of service to God and Country as set forth by the Boy Scouts of America: Christian Faith; Christian Outreach; Christian Citizenship and Christian Fellowship.

The Civil Air Patrol is America’s largest aviation training program, for young people. It is still rapidly forging ahead.

The CAP Cadet Squadron has a well-chosen program of study and social activity. Classes at squadron meetings are based on illustrated texts and training aids, prepared at CAP Headquarters. The cadets are trained in aeronautical subjects such as, communications, navigations, meteorology, theory of flight, aircraft, engines, etc.

The cadets visit airplane factories, airports, weather bureaus, communications stations and Air Force bases, where they can actually see the variety of careers open to them, in aviation. They go on overnight outings, have picnics, dances and parties, as a regular part of their cadet squadron activity. With parents permission they frequently have a chance to ride in squadron aircraft with senior CAP members, and occasionally in USAF aircraft. There is an opportunity to participate in the actual operation of the squadron’s radio equipment, which is part of the CAP’s nationwide radio network.

The Civil Air Patrol assists in national and local emergencies, including search and rescue. CAP Cadets are not permitted to fly with the senior members, on the hundreds of actual search and rescue missions flown by CAP each year, because of the risk involved. They are given the chance to train in first aid, woodsman ship and rescue techniques. They put their training into practice, as members of ground rescue and disaster relief teams, in direct support of the adult flight crews. CAP Cadets have performed women’s work, in most of the nation’s major disasters, during the past several years.

Scout Troop Set up
At Mt. Vernon Baptist

A new Boy Scout Troop was formally organized last Sunday at the Mt. Vernon Missionary Baptist Church, Joseph Avenue and Buchan Park. Mrs. Jessica Weis, Congresswomen from the 39th District and councilman Peter Barry, former mayor, presented the troop with an American flag, which has been flown over the Capitol in Washington, to troop No. 274 chairman, Mr. Cleveland Dunwoody.

The Missionary Society of Mt. Vernon Church and the Lower Shawl American Legion Post are co-sponsors of the troop. The charter of the troop was presented at a court of honor ceremony on Monday evening at which time about 25 new scouts attended and took part.

The charter was proudly accepted by the pastor of the church, the Rev. Robert E. Warfield, father of the famous baritone William Warfield. Members of Mt. Vernon who compose the civic committee and took part in both ceremonies are Sexto N. Reaves, Jessie Bromfield, and Ceola Washington. Scoutmaster Robert Custer and Assistant Scoutmaster Edward Ford were in charge.

There is a great need to expand scouting programs throughout the city and this troop is one of the expansion groups in the central city area.

To All Subscribers and Friends!

This is an Official Report representing thirty years of service to the people of this community. This platform appeared in the first publication of “The Voice” in October 1934.

The Voice should be in every Negro home every month. Why? Because from its inception it has accomplished the following in the interest and welfare of the Negro people of this community:

1. It has given part-time employment to 16 newsboys and five agents.
2. It is the only reliable and dependable colored newspaper in Monroe County for Negroes by Negroes.
3. It has been the only outlet in Monroe County through which the Negro has the opportunity to publish his social, religious, political and fraternal news.
4. It has urged the Negro to build and support his own businesses.
5. It has urged the Negro to spend his money where we as a race receive some returns.
6. It has sponsored the idea of Negroes centralizing their purchasing power.
7. It founded the Afro-American Co-operative Buyers' League of Western New York in 1934 — adopting the slogan “Spend Your Dollars Wisely”.
8. It has demanded an investigation of discrimination charges and assault charges at the N.Y. State Employment Office, receiving the complete cooperation of the honorable Governor Lehman and Elmer Andrews, head of the State Division and local manager Paul Smith.
9. Took initiative in pushing the Anti-Lynch Bill and the NAACP Button Crusade, selling 2,000 buttons.
10. Promoted the work of the National NAACP and the local unit using news releases constantly from general headquarters.
11. Spent $2,500 with local orchestras and bands, $1,280 with out-of-town bands in the promotion of charity and benefit dances and gave away $162.00 in prizes to the dancing public.
12. Promoted the work of the Rochester Civic Improvement League, one of the oldest Negro organizations in the city.
13. Urged, through a representative speaking before the City Council, that colored nurses and internes be admitted to city-taxed hospitals.
15. Originated movement to move into 7th and 3rd Wards.
16. Urged appointment of Negro Election Inspectors in both major parties as well as workers at general headquarters during campaigns.
17. Promoted goodwill and cordial relations and cooperation between all races.
18. Contended at all times for better jobs.
19. Has stood for law and order at all times and exposed and unveiled all injustices, malpractices, immoral, unfair, and deplorable conditions existing in this community.
20. Has contended for more colored school teachers in the public schools.
21. Has protested use of such books as “Black Sambo” and others of like nature in our school system.
22. Asked Hart's Food Stores, Inc., to hire two Negro clerks in 1936 for the first time.
23. Conducted Survey of Negro Census in City of Rochester which was approximately 3,268— in 1940.
24. Spent two years on an intensive Housing Campaign during which time a Housing Survey affecting 569 Negroes was made as well as noticing conditions affecting other races.
25. Received appointment by the City Manager, Harold Baker, to the Citizen's Housing Committee, representing Negro people of Rochester which was the first recognition of a civic nature given the Negro in 20 years.
26. Housing movement received endorsement of numerous organizations.
27. Published 1,000 Revised Housing Surveys given and sold to the public.
28. Recommended Housing Survey and stipulated that five Negroes be appointed on the Survey with the result that two Negroes, Donald Swann and James Quamnia, received an appointment.
29. Founded the Rochester Negro Housing Committee.
30. Acted in Holmes discrimination case at the Y.M.C.A.

Non-Partisan Political League Sponsors Meeting at A.M.E. Zion Church

The Monroe County Non-Partisan Political League sponsored a meeting at the Memorial A.M.E. Zion Church on January 28th for the purpose of discussing the topic based on the theme "The New Administration and What It Means to the Negro." After the singing of the "Battle Hymn of the Republic," the President's report was given by Mr. Laplois Ashford, President. Committee reports of Economic and Business and Program were presented by Mr. Will Truitt and Mr. Ovie Williamson.

 Speakers of the program included Mrs. Constance Mitchell, Supervisor of the Third Ward, Mr. Henry Gillette, Mayor, and Democratic Vice-Chairman; Mr. Maxwell, Supervisor of the Seventh Ward, and Mr. Bob Bennett, Third Ward Leader. There were questions on the floor which evoked intense interest on the part of all those present.

The following letter was sent by the League to Mr. Frederick Douglass, chairman of the Monroe County Democratic Committee:

Dear Mr. O'Brien:

Nor that the city elections are over and the new Democratic administration is preparing to take over the reins of city government on January 1, we feel that we must bring to your attention a most vital matter, money, the matter of city patronage. Very briefly, we have seen no Negroes appointed in the new administration, and January 1 is just around the corner.

We want to make our position with respect to patronage very clear; Negroes are entitled to, and justly deserve some important patronage in the new administration. We feel that this achievement was long overdue. Finally, the Democratic party must not attempt to please a restless and tired Negro community by pursuing a policy of "tokenism" or "window dressing" in its Negro appointments.

Progressive thinking Negroes expect more from the party with the "New Frontier" slogan than they could expect from the previous administration, but we remind you again that the Democratic party must never take Negroes for granted, nor must it continue to forget them once they have been elected. Nor should the Democratic party conclude that the Negro community has been placated with the election of two Negro Supervisors, for we are certain that you will agree with us that this achievement was long overdue. Finally, the Democratic party must not attempt to please a restless and tired Negro community by pursuing a policy of "tokenism" or "window dressing" in its Negro appointments.

Already the Non Partisan League has selected as the subject for the first public meeting in January: "The New Administration and What It Means to the Negro." We ask you, what does this new administration mean to the Negro?

The Non Partisan League stands ready and able to assist you in recruiting competent Negroes with imaginative ideas and bold new vision.

Yours truly,

Laplois Ashford, President
Monroe County
Non-Partisan Political League

Mrs. Frederica Douglass Perry

Freedom Riders Film Shown Here Recently

The Rochester Congress of Racial Equality, known to most of us as "CORE", sponsored a premiere showing of "The Freedom Riders" film at the first EVER screening. First Vice-President of Rochester's William Wartield, Columbia University graduate work in public administration, University of Pennsylvania.

The Freedom Riders is one of the best in our troopers. The price of the breakfast is $3.00. John McDermott, Executive Director of the Chicago unit of the CIC will address the gathering.

Freedom Riders Film Shown Here Recently

The Rochester Congress of Racial Equality, known to most of us as "CORE", sponsored a premiere showing of "The Freedom Riders" film at the First Universalist Church last Tues-

day evening. First Vice-President Rudy Lombard addressed an audience of about 200 prior to the showing of the film. He stressed the need for workers who wish to stand up and be counted here in Rochester.

Rudy Lombard, a graduate of Xavier University, New Orleans, is now heads the Syracuse Congress of Racial Equality and is doing graduate work at the Maxwell School of Public Administration in Syracuse.

MY VIEW OF SCOUTING

(Continued from page 10)

Our troop is one of the best in our district and is a proof that these ideals work. I may be a bit prej-

udiced, for these are my boys. I have been in scouting for about sixteen years and have worked with scout troops who were inte-

grated and have found that the majority of Negro boys are genu-

inely eager to learn and maintain initiative and sincere interest in scouting.

These boys will some day be our future leaders. One may even be pre-

side. Our only reward for building men through scouting is of one of our boys makes good in later life, then we can feel proud that we have contribut-

equal to the success of scouting.

John A. McDermott Addresses Annual Communion Breakfast

The Second Annual Communion Breakfast of the Rochester Unit of the Catholic Interracial Council was held on Sunday, Feb. 18 in St. Joseph's Church. Bishop James E. Kearney, D.D., said the Mass and delivered the sermon. Following the Mass, breakfast was served at the Sheraton Hotel. John A. McDermott, Executive Director of the Chicago unit of the Catholic Interracial Council addressed the gathering on "invita-

tion to Leadership" - the particular kinds of effort and responsi-

bility of the Catholic to his comm-

unity.

Biographical notes on the speaker, John A. McDermott, include:

Overseas experience: Served in the summer of 1960 on construction work and study tour of Africa. This included 2 months in Nigeria under the auspices of the experi-

ment in International Living and one month in Kenya the employ of the Joseph F. Kennedy, Jr. Foundation which financed the airlift of some 300 East African students to the United States.

Leontyne Price Cancels Engagements

Opera star, Leontyne Price, wife of Rochester's William Warfield, has canceled all engagements for the remainder of the year due to a throat ailment. Physicians have advised her to rest for the re-

mainder of 1962. Many opera lovers and concert goers will miss the beauti-

ful voice of this popular singing star.

Baden St. Settlement Observes Bro'hood Wk

In recognition of Race Relations and Brotherhood Week, the teen-

agers of Baden Street Settlement presented "Around the World in Eighty Minutes", Friday, Febru-

ary 16, at the Baden Street Settle-

ment House.

Micki Ripples, spoke about race relations in the Rochester area and how tenant-agents can better improve this relation. Earl Evans and Rochelle Whitme em-

ed the program. Teen-age Diplomats from South America, Brazil and other countries discussed the problems of brotherhood in their respective countries, and other foreign Teen-age Diplomats presented native musical rendi-

tions and dances. The Benjamin Franklin High School Concert Choir sang a repertoire of interna-

tional songs. Lisa Bonaparte gave the invocation and Dr. Walter Cooper summarized the panel dis-

cussion, after which refreshments were served.

Reuben K. Davis Assumes Leadership Of NAACP

The Rochester Chapter of the National Association for the Ad-

vancement of Colored People held its first membership meet-

ing under the new leadership of Reuben K. Davis Thursday, March 13, at St. Simons Parish Hall, 8 Oregon Street.

A discussion was held regarding human relations in Rochester and a report from the Human Rela-

tions Committee, which is headed by Lettie Carson was pre-

sented.

Plans are being made for the Membership Drive kick-off headed by Stanley Thomas, NAAAC

pstate official.

Buckman's Cleaners Damaged by Fire

Caledonia firemen were called out about 1:30 a.m. on Friday, Feb. 2 to battle a fire at Buckman Dry Cleaning plant on Main Street, Caledonia. The 16 below zero weather was no help to the Caledonia and Mumphord firemen as they worked for over two hours to extinguish the fire. The front window blew out as the fire trucks arrived. Loss was heavy. The fire was of undetermined origin. A large quantity of customers' clothing was destroyed and the dry cleaning equipment was damaged.

Harlem Ambassadors Play In Avon, Caled'na

The Harlem Ambassadors, one of the truly fine teams to hit the basketball circuit, will be playing in two area towns in the near future. A number of the players were members of the Harlem Globetrotters team. Leon Hillard, a former 'trotter, and one of the most comical cagmen, is known as the "dribbling wizard."

The Ambassadors are to play in a benefit game at Avon Central Thurs., Feb. 22 and at Caledonia Central on Wed., Feb. 28.
