LOW RENT HOUSING

During the past three years, while the Democratic administration was providing for the elderly and for families, the Republican members of the City Council voted consistently against these programs. As recently as April 13th of this year, two Republican councilmen voted against low-rent housing at sites on Atlantic Avenue and Bay Street. At the same meeting, a Republican Councilman voted against the City’s application to increase the number of low-rent housing units from 500 to 1,000. At no time in the past four years has any Democratic Councilman voted against any public housing measure.

The Republican party, on the other hand, has boasted for decades of its rejection of all forms of aid for low-rent housing, both federal and state, preferring to do nothing rather than put our federal or state tax money to use in Rochester.

LOW RENT HOUSING

(Continued from preceding page)

In 25 years of power the Republicans stood by while the housing of the City deteriorated. They did nothing to provide additional units of low-rent housing... nothing except Hanover Houses which was the wrong kind of housing in the wrong place. Because the Republican candidates, at this transparently late date, are now supporters of low-rent housing, let them explain:

-- The years of Republican opposition and inaction in this area.
-- The whispering campaign of just two years ago intended to frighten voters away from support of candidates who advocated low-rent housing.
-- The opposition of Republican party chairman Vincent Tofany, then Town of Greece Supervisor, sworn publicly on December 17, 1963 to the construction of any low rent housing units in the City's 23rd Ward or in any City Ward adjoining the Town of Greece.
-- What efforts they would make toward convincing Mr. Tofany and their other Republican mentors that low-cost housing should be constructed in areas of Monroe County outside the City of Rochester.
I have known Mr. Robert Woods for a long period of time. He is an individual that would never let the citizens of this community down. He is an attorney and well qualified to serve as a member of the City Council. He can be called on for legal advice at any time whether you have money or not. He believes in serving all of the people. Since I have known him he has made it his business to be of service to all segments of our community.

We know this man to be a friend to many people that were in need. He has impressed me as a person who is able to get things done and is a leader, and a fighter for Human Rights. This leads me to believe that Mr. Woods will serve and protect the best interest of our community.

I ask all of my friends to elect Mr. Robert Woods for Councilman At Large. This means better local government. I ask all my friends to work in behalf of Mr. Woods winning the vote in November.
