Urban Renewal Poised For Big, Big Steal

Furor Mounts For LBJ And Weaver Housing Boss To Investigate

Third Ward Ghetto
A Tinder Box

Ready To Go Up, Up

The following statement is contained in the URBAN RENEWAL PROGRAM: If approved by the local agency the Urban Renewal Act of 1954, the program must, for example, be consistent with the comprehensive community plan for the Third Ward. The program would be subject to the requirements of the Comprehensive Community Plan, adopted by the local agency, as a guide for the formulation of the program. The program would be subject to the requirements of the Comprehensive Community Plan, adopted by the local agency, as a guide for the formulation of the program.

In the Third Ward...

There is a call for a new approach to urban renewal, one that is more comprehensive and integrated. The urban renewal program must be designed to meet the needs of the entire community, not just a select group. The program must be based on a comprehensive plan that takes into account the social, economic, and environmental factors that affect the community. The program must be designed to address the root causes of urban decay, not just its symptoms.

We endorse Gov. Rockefeller for Governor

One of the key issues in the upcoming election is the need for a comprehensive and integrated approach to urban renewal. The urban renewal program must be designed to meet the needs of the entire community, not just a select group. The program must be based on a comprehensive plan that takes into account the social, economic, and environmental factors that affect the community. The program must be designed to address the root causes of urban decay, not just its symptoms.

We encourage all Rochesterians to join us in supporting Gov. Rockefeller for Governor. His leadership and vision are needed to guide us through these challenging times and build a brighter future for Rochester and all of New York State.

Dear Mr. Coler,

Can the everyday existence of a drug addict be recorded on television and be used to incriminate and to intimate a person as Joe L. magazine alleged with still phone? Brian L. Clark, vice-president for administration, denied the question and then showed a associates, a TV firm widely quoted for the "instant reporting" technique: "We don't take responsibility for these stories."

The result "stigmatic" — a verbal portrayal of the day-to-day life of a young Bronx couple. They use heroin, snort cocaine and methamphetamine, and they have sex in a series of apartments. They are members of a large social network of heroin dealers, who agreed to the project after producers promised a "suitable" drug and heroin addicts, most of whom declared or wanted the project. Lapoimenos and the cameramen spent 10 hours a day for 16 weeks in the couple's home, watching their children, recording details in they believe are intimate activities. They were never alone, never naked, and heard the same. "It was filmed everything as happened — the way it happened," says Lapoimenos.

Editorial

We Endorse the GOP

We are endorsing the STATE GOP and the LOCAL GOP, who are standing together for the RIGHT THING.

In so far as the Negro voter is concerned, why wait until the end of the century? W. E. B. DU BOIS SAID IT MANY YEARS AGO WHEN HE SAID THE NEGRO SHOULD NOT VOTE. TODAY IT IS THE REPUBLICAN POLICY TO PROTECT THAT RIGHT. WHY NOT MORMON, SHAKESPEARE, CLARE MONROE, FREDDIE PECK, AND THE THOUSANDS OF OTHERS WHO ARE FED UP WITH THE COMPARATIVE INDIFFERENCE OF THE REPUBLICAN PARTY?

We have been supporting the GOP in Monroe County for the last 7 years, and this year we are redoubling our efforts.

The Republican Party has been the party of the working man for over 100 years. It has fought for progressive legislation, for better schools, for higher wages, and for a better life for all Americans. The GOP has always been a party of the people, and we believe that it is the right party for the Negro voter.

The GOP has a proven record of success in Monroe County. It has held the position of Majority Leader for the last 7 years, and it has been the party of the majority in the Rochester City Council for the last 10 years.

The GOP has a record of accomplishment that is unparalleled in the history of Monroe County. It has fought for education, for jobs, for health care, and for a better life for all Americans. The GOP has been the party of the working man for over 100 years, and it will continue to be the party of the working man in the future.

We believe that the GOP is the right party for the Negro voter, and we urge all Negro voters to support the GOP in Monroe County.

Dear Mr. Coles:

My friend Mrs. Hamm has brought me the beautiful plaque with a picture of Frederick Douglass, and I cannot possibly accept this award. Needless to say, I do not feel that I have done anything to deserve such distinction, but I shall always treasure this great honor, and to tell you that I hope in the Senate.

My friend Mrs. Hamm has brought me the beautiful plaque. This is to thank you personally and the members of your committee for this great honor, and to tell you that I hope in the Senate.

Congress of the United States

August 17, 1966

Knowing of your interest in H.R. 1765, the Civil Rights Act of 1965, I am pleased to report that the House passed this measure by a vote of 259 to 157 last week. It is now pending in the Senate, and we are told that it will be debated tomorrow. I am writing to ask you to support this bill. My "yes" was helpful in getting this measure through the House.

Another important aspect of our consideration of H.R. 1765 was the adoption by a vote of 389 to 25 of the "Cramer Amendment," which provides Federal penalties for using interstate commerce to incite or contribute to violent demonstrations. I supported this amendment, because I feel that many of our problems in public affairs stem from a lack of understanding. It is my hope that with this legislation the Rochester community, through the years, has contributed much in understanding both the races and in the development of good human relationships in this City.

I want to thank you for your support of rights legislation. The active interest that you and many other constituents have taken in this legislative area has been of immeasurable help in representing the 36th Congressional District during this Session of Congress with this goal in mind.
