Music Hath Charms

The Rochester Chamber Orchestra will begin its third season on Sunday, December 4th, at 4:00 p.m. in the Monroe Community College Auditorium at 4:00 p.m. The program will again consist of about 30 skilled and talented musicians in a program of operatic, symphonic, and chamber music.

The Rochester Chamber Orchestra, under the direction of Dr. William C. G. McLean, will again conduct this group of musicians. The program will be a combination of American and European works, with emphasis on the American tradition.

The orchestra will be under the direction of Dr. William C. G. McLean, who has been the conductor of the orchestra since its inception. He is a native of Rochester and has been a member of the faculty of the University of Rochester for many years.

The program will consist of works by American composers such as Charles Ives, George Gershwin, and Aaron Copland, as well as European composers such as Beethoven, Brahms, and Tchaikovsky.

The Rochester Chamber Orchestra is supported by the Rochester Community Foundation and the Rochester Art Commission.

Communications

Dear Mr. Coles,

I am writing to inquire about the Rochester Chamber Orchestra, which is represented by the Rochester Chamber Orchestra Association, Inc.

I am interested in learning more about the organization and its activities. I would like to know more about the types of music that are performed and the frequency of performances.

I would also like to know if there are any upcoming events or performances that I could attend.

Please let me know if there is anything else I can learn about the Rochester Chamber Orchestra.

Sincerely,

Mary Jones

ONLY ONES IN COUNTY

THE ROCHESTER VOICE

2 Girls Finalists in Scholarship Test

Two high school seniors —

Dorothea Marshall, 17, of 237 Benton St. — and

Sandra Brooks, 17, of 117 Azalea Road — have been named finalists in the National Achievement Scholarship Program.

The National Achievement Scholarship

is a recognition of high achievement among students throughout the country. The program is sponsored by Eastman Kodak Co.

Sandra, who trained at Hart Central High — — — — — — ~ — — — ~ — — — — —

The NASP, for Negro students, is the second largest continent - .

**Gaugers Linked to Riots**

Anger at credit "gougers" is linked to Negro ghettos violence, according to testimony given by Columbia University sociologist Prof. David Caplovitz to Rep. Frank Ferre, regional director of the Office of Economic Opportunity in New York and field representative of ABC. The programs being reviewed this week are being presented in the light of evidence that the poor are aware of the exploitation they face in the marketplace and are rebelling against it. Some of the programs have been attacked by the merchants who have swept our country, according to a statement made by Rep. Janet Ades. The programs include the Neighborhood Youth Corps, the Anti-Poverty Program, and the Home Demonstration Project. The purpose of the visit is to review the programs in the light of evidence collected at the meetings so far. The Citizens Advisory Council will study this evidence and make a report to ABC.

**Antipoverty Work Being Reviewed**

Regional antipoverty officials are making a three-day review of the work and programs of the Office of Economic Opportunity, the local antipoverty agency. Frank Ferre, regional director of the Office of Economic Opportunity in New York, and field representative of ABC, spent Wednesday, Thursday, and Friday here. He is the executive director of ABC and is responsible for the purpose of the visit is to review the programs in the light of evidence collected at the meetings so far. The Citizens Advisory Council will study this evidence and make a report to ABC.
