The story behind the scene of the Action For A Better Voice NEWS VOL. XXXII, NO. 16 Rochester, N.Y.

December 20, 1966

COMMUNITY ACTION DAY

December 13th

In 1965 Mr. Ossie Finley Jr. came to Rochester with all the qualifications towards helping the poor peoples. As a personal intermediary for the president of the W&T organization, I was directed to meet Mr. Finley, to give a helpful hand to assist him in helping the conditions of Rochester. So, I had this interview with Mr. Finley, in which he made a statement in which his Secretary of the W&T went to the A.B.C. Board of Directors, apparently he requested the City of Rochester, so, I had this interview with Mr. Finley, and found that the door was open in which his Secretary of the W&T went to the A.B.C. Board of Directors, apparently he requested the City of Rochester.

LEFTEO Proposal (Anti-Poverty)

A PROPOSAL FOR ACTION TO A BETTER ORGANIZATION FOR MEDICAL SERVICES TO THE OVERPOPULATED AREAS OF MONROE COUNTY.

A. PREFACE

The idea must be formulated from the outset that there are two groups of poor that must be served. The migrant poor and the indigenous poor. These two groups must be served because they are both in need of assistance. First of all, they differ in the way of serving. Second in that the migrant poor have so much to offer. Finally, the migrant poor are in the area for only a short period of time (4 to 5 months at the most). For these reasons medical services must be tailored to fit each group's needs.

So I went back and presented the organization the facts as presented to me. These facts were accepted by the organization, feeling that they were going to be better the community. I also gave them the proposal he had offered my daughter of coming to work for him. We all agreed that she should give her assignment. When I looked forward in making changes some small things they had significant changes. I felt that there was no significant change that the organization would do anything at any time. One, I went back and talked to Mr. Finley about things that had been discussed. He said the money had not been appropriated for the programs (State's work). By the way, the A.B.C. Board of Directors is open to all times to a discussion of the programs, but that's as far as it seems to go.

Talking, discussing the idea of implementing the organization and watching the programs to be better the organization. I made a presentation to the A.B.C. Board to put the programs into effect, I found out that we might have to do that with money that had been appropriated for it. They claimed

THE FREDERICK DOUGLASS DOUGLAS LEAGUE--AN ORGANIZATION COMING INTO ITS 25TH ANNIVERSARY YEAR--IS COMING TO YOU./

Douglass Kin Assured Nat'I. Negro Art Gallery On Design of Stamp

WASHINGTON -- The Post Office Department has assured relatives of Frederick Douglass that it will use the design of the stamp honoring the famed Negro writer, speaker and abolitionist.

"We will not be the work of Ben Shahn. Shahn's line drawings would be used as the subject matter for the issue since to disclose the design at this time. As mentioned, the artist has given no commitment to design the Douglass stamp and it is not clear that the family will be well pleased with it.\n
"Interest in this particular stamp is interesting to the Post Office Department. The stamp will be on sale by the end of the year.\n
"The design will be released as soon as possible. But it will not be the work of Ben Shahn. Shahn's line drawings would be used as the subject matter for the issue since to disclose the design at this time. As mentioned, the artist has given no commitment to design the Douglass stamp and it is not clear that the family will be well pleased with it.\n
The design for the stamp has been approved by the Post Office Department. The design will be released as soon as possible. But it will not be the work of Ben Shahn. Shahn's line drawings would be used as the subject matter for the issue since to disclose the design at this time. As mentioned, the artist has given no commitment to design the Douglass stamp and it is not clear that the family will be well pleased with it.\n
W.E.B. Du Bois was the first African American to be honored on a postage stamp. The stamp was issued in 1991 to commemorate the 125th anniversary of his birth.\n
But the Post Office won't say who it is that is going to do the art work. "We will not be the work of Ben Shahn. Shahn's line drawings would be used as the subject matter for the issue since to disclose the design at this time. As mentioned, the artist has given no commitment to design the Douglass stamp and it is not clear that the family will be well pleased with it.\n

Mr. Coles: Good morning, friends—this morning we are going on a long journey—our destination is often referred to by historians as the dark continent. The name of the town is Kinshasa, in the region Alsation Missionaries in charge of a station of the Paris Mission Society there. From them I found out there was no need of importing shoes. In 1897, presenting as his Thesis a work On aahoe spiritual brotherhood with which he is endowed, he not only now was there, but he was in the middle of the action.

Dr. Schweitzer and his beloved wife and their ability in the sense of the words "great love"—of this early period he speaks thusly in his autobiography, "Out of My Life and Thought" (1931), that I consider myself to be a living example of the things of which I speak. We refer to distinguished Dr. Albert Schweitzer; justified in living till I was thirty for science and art, in order to devote myself from that time to the direct service of humanity.

Mr. Coles: Song.
**Eastman Kodak Company**

**TO KODAK SUPERVISING**

You have probably read or heard about recent discussions concerning the future of Kodak management. It is important to recognize that much of the information that has appeared in the press about these discussions is not accurate. We are conducting a number of meetings to determine the appropriate course to follow. We are discussing programs that have been in effect for a number of years and are doing a number of things to improve the company. We hope that both corporate and plant management will take an active role in these discussions. We want to ensure that Kodak remains a leader in the field of photography and imaging technology. We believe that our company's future depends on our ability to attract and retain the best people in the industry. We are committed to providing equal opportunities for all employees, including women, minorities, and disabled persons. We are also committed to maintaining a high standard of ethics and integrity in all of our business dealings. We hope that you will continue to support Kodak as we work to meet these goals.

---

**THE ROCHESTER VOICE**

**Eastman Kodak News Release**

We are pleased to announce that our President, Mr. William H. Wagoner, will be joining our Board of Directors on June 1, 1966. Mr. Wagoner has been a long-time employee of the Company and has served in many capacities, including as President of the Kodak Park Division and Vice President of the Rochester Area Operations. He brings with him a wealth of experience and knowledge that will be invaluable to the Company. We believe that his appointment will further strengthen our leadership and help us to achieve our goals for the future.

---

**THE CRADLE OF FREEDOM**

A Historical Narrative of the American Negro—his background—embracing all available and vital data relating to this great subject, including important and little-known facts and incidents, and the history, leading to the establishment of the Federal Civil Rights Act, showing the progress of the cause. The present condition of the race, and the destiny of the country, as the Negro is being taught to read and write. A complete and comprehensive work, written by a prominent historian. A work of great value to all who are interested in the study of this subject. A work of great value to all who are interested in the study of this subject.
Job Opportunities At Nagle

General factory jobs are available at The Nalge Co., Inc., 75 Panorama Creek Drive, Penfield, New York. Nalge is a company which has grown greatly in size since it was founded eighteen years ago. Recently it became part of Ritter-Pfaudler Corporation, a large Rochester-based Company.

Nalge makes plastic products for science and industry. Working conditions are excellent, and there are no seasonal layoffs. Minimum wage is $2.10/hr. or more depending on the job. No specific education or experience is required. Work is scheduled on an around-the-clock basis so employees are expected to work monthly rotating shifts. A shift premium is paid on the second and third shifts. Because Nalge is located in suburban Penfield, transportation is required.

Nalge offers:

1. On-the-job training
2. Excellent benefits
   a. Company-supported (50%) Medical Insurance
   b. Company paid Life Insurance
   c. Company paid vacation
   d. Profit sharing and retirement program
   e. Year-End Bonus
3. Top Wage Scale
4. Opportunity for advancement

For more information about birth control, ask your doctor or public health nurse. Planned Parenthood offers counseling and services to men and women. Planned Parenthood-World Population can provide birth control supplies. Planned Parenthood-World Population can be reached by calling 659-2500.

Do your children embarrass you by asking questions about nuclear energy? Perhaps they know the answers. This may be even more embarrassing! At RG&E's Brookwood Science Information Center the story of the development of nuclear power is told in a dramatic and interesting way by means of film and a series of animated displays.

A trip to Brookwood will be an outing that your family and friends will enjoy very much. From Rochester, Brookwood may be reached in a few minutes drive east along Lake Road or east along Route 104 to Ontario Center, then north to the Lake Road.
