Mr. Howard W. Coles

Dear Sir:

I would like to take this opportunity to thank you for your newspaper's encouragement to the community to support the program for young people. A few things have developed since that time. I do not feel that this is a program that should be closed. It should be continued. If it is, I believe that we will be able to see the benefits of this program. I hope that you will consider this request.

Sincerely yours,

for he has consistently voted in the negative and on other occasions he has been known to vote, giving various reasons for doing so.

The youthful ODON DUMAS, Jr., Republican candidate from the 25th District, will challenge THOMAS SMITH, a Democrat, in a district that is normally of keen interest. It is generally known throughout the 3rd Ward that Mr. Maloney, Dr. Seymour's line candidate, has been calling the shots lately from the editorial offices of ABC, Inc. It would therefore appear that ODON DUMAS, Jr., will win in the 3rd Ward and the 25th Legislative District, based on his ability to see things as they are, on his partisanship in fighting for his constituents and his long and arduous efforts on behalf of the following: housing, clean streets, better polling, and better schools.

Effortlessly speaking, Mr. Maloney would advise every Afro-American to vote Republican. The Democratic ticket and once you become a member of the Republican party, stay in the party and Fight for the things in which you believe are right and that you want. The voters of your area know about it and not benefit the voters of your area, you must let them know about it and not hide your light under a bushel. Afro-Americans must get used to the idea of voting. In this area, you must let them know about it and not hide your light under a bushel. Afro-Americans must get used to the idea of voting. "In July, 1853 a great convention was held here in Rochester which was held mainly for the free Afro-Americans from all over the North and free territories. Frederick Douglass had a plan for the FREE AFRO-AMERICANS, it was the building of a school here in Rochester. Harriet Beecher Stowe, author of UNCLE TOM'S CABIN, attended this great convention and approved the PLAN of F. Douglass for the building of a manual labor school and later add other courses to the curriculum. However, Mrs. Stowe failed to give financial assistance."

The Board of Trustees of the League, have agreed on the following:

Languages, Domestic Science, Music, Business Administration, Geography, Spanish, Ancient, African History, School of Drama, Modelmaker & Fashion Fair, Barber School, Colosseum Collection of Historical Arts, and Science (will be on permanent display and ready for use by research students, authors, etc.)
