Busing Big Operation

To The Parents of Children:

Your child is riling the bus to and from school each day. It is important that you give serious thought to the school bus safety rules.

Your child is a member of a total enrollment of 118 boys. Rochester and other communities are facing a major social crisis today. Four major reforms would help.

6. Children are to stay away from the bus until it is stopped. There are a number of new non-lethal weapons are being used.

2. Children must stay away from the bus until it is stopped. This school serves the Urban Renewal Department.

3. Children need to cooperate with the driver and attendant to keep the safety of children to be observed.

The 1967 record: serious disturbances hit: at least 3. Children are to obey the driver and attendant's instructions.

ON THE SHAME OF OUR CITIES:

CURRENT JOB OPENINGS AT THE UNIVERSITY OF ROCHESTER

The National Advisory Commission on Civil Disorders took seven months and spent $1.6 million to document disturbances and riots in 24 major cities around the country. The study concluded that white racism and black reactions to it are the basic causes of the nation’s race disorders. There is no room in this study for the black piety and the new ways of thinking about black Americans.

3rd Ward Community Interests Moving With Housing

Our Most Important Job

The most important job of the Urban Renewal Program is to help build new housing. This is especially true in the Third Ward where much housing has deteriorated and needs to be replaced with new modern buildings.

But even though Urban Renewal does not build the housing, it does provide the improved sites upon which private, or public housing can be built. The Community Development Project in the Third Ward has been working for several years to develop an area that is ready for the housing scheduled to be put into use this Spring and will provide a needed land for low income families.

The largest single development to be made ready this year is the street improvement that will be put into use on Michigan Street between Bronson and Bartlett; Ford Street between Trinity and Wyspianski; and the General Hospital site. And while low and moderate income housing will be built on this land, it will provide a needed land for low income families.

Children Will Play

In recent weeks our local newspapers have written stories of some Edison graduates who have performed satisfactorily in the Vietnam conflict. The former students have responded to the letter from the Edison Alumni Association, and the interest is evident in the letters from the students. The interest is certainly a temporary location.

Opportunities Are Always Available

Students are being offered a unique opportunity for vacation work experience by Lange Furhacker Inc. Any students who write may work during their vacation. Any students who wish to may work during their vacations and receive a minimum of work experience. This should make the part time job on the land, in the park, effective in the area as well as in the community. Our most important job.

Children will play in the playgrounds scheduled to be put into use during the Spring. The most important job of the Urban Renewal Program is to aid in moving with housing...

Around The Town

Local Black Actors In Theatre and on TV

The Living Arts Center, an integrated theater and visual arts group organized in January of this year, will present its first production, "Purlie Victorious," April 18 to April 24. "Purlie Victorious" is a musical written by DuBose Heyward and directed by Dr. Charles Williams. For information on ticket sales, call 217 Main St., Syracuse. The Negro race comes first to a group or headed politically? What is the living conditions here in the local community? There is a shortage of low-cost housing in the area. It is requested that the reader go to the Board of Education for further information.

Which way are we going? Democratic or Republican? All of these questions are important, but I feel as though the Negro race is important. Democratic or Republican? The Negro race comes first to a group or headed politically? What will the future bring for the Negro race?

All-Around The Town

Y.W.C.A.

Who are we? Where do we go from here? Democratic or Republican? The Negro race. The living conditions here in Monroe County. The Negro race. Democratic or Republican? All of these important questions are important. Democratic or Republican? All of these important questions are important. Democratic or Republican? All of these important questions are important.

COLLEGES AND THE U.S. OFFICE OF EDUCATION

The colleges and the U.S. Office of Education are working closely together to meet the costs of higher education. Representative Barber B. Conable Jr. has been appointed by the U.S. Office of Education to aid 1400 needy students this year.

The Educational Opportunity Board has been established to carry out the provisions of the new higher education act. This board will be responsible for the administration of the program grants. The board will be composed of members representing various interests, including business, labor, and public education. The board will be responsible for the distribution of funds to the colleges and universities, and for the coordination of the efforts of the various agencies involved in the program.
