The day, and a great convention was held here in Rochester, which was held mainly for the free Afro-Americans from all over the North and from other parts. Frederick Douglass' had a great influence on what was going on in AMERICA, it was the building of schools here in Rochester.

The... various facilities at the JYMA building will answer the need for housing especially for the single persons, and for sex and professional people, lawyers, doctors, teachers, etc.

The recreational facilities will be open to all people regardless of race, creed, or condition. The facilities, government, has been asked to assist in the securing of these facilities. The coastline will serve the best of food stuffs, and those food stuffs will be located in the heart of Rochester. Rochester will serve the needs of the northeast, southwest, and southeast areas of the city. It is also located near the model cities area and used by these residents as well.

For the past 1 1/2 years the committee has been working on this project and has asked for the cooperation of the board. In the initial moves the committee worked with the board and the realty project that as soon as the JYMA was completed -including parking and other aspects would be in a position to work closely with our committee.

The local committee is composed of the following persons: Carl B. G. B. A. R. O. and William Harder, Robert Green, and Robert Johnson.

The project is headed into a major decline, "he said. "The dream of the Black Church Studies has been working on this project and has asked for the cooperation of the board. In the black experience there's power to heal churches of every race, the Inaugural Communion for the Colgate Rochester Divinity School/Bexley Hall, Feb. said the Rev. Dr. Mitchell. "The celebration of life and of the goodness of God, the feeling of complete freedom, the feeling of God and his people, and a host of other aspects of Black worship is the driving force of strength for the assimilation of a church."

In five years, he said, Colgate Rochester Divinity School/Bexley Hall will have the first program of Black Church Studies that is the graduation in all years. The dream of the founding Black seminary will be fulfilled in a multiplied ministry to Black churches and the need of people preachers and leaders is revolutionary to bring with their own togetherness their own liberation.

The first black man elected mayor of a major city said that he plans to make it the model for the state in terms of equalizing the wealth among municipalities four years from now.

Michael B. Johnson, 38-year-old mayor of Gary, Indiana, said that since he took office in 1965, he has worked to reduce the economic gap between black and white residents. He said this has been achieved through the city's affirmative action programs and the creation of a black-owned radio station.

Black militants in Rochester are concerned about the future of the city's only black-owned radio station, which recently received a high power transmitter.

The station, which is licensed to the University of Rochester, has been operating since 1962 as a volunteer-run station. It currently broadcasts a variety of music, news, and talk shows, but the station's volunteers say they need more help to keep the station running.

"Without a volunteer force, we can't afford to keep the station running," said one volunteer. "We need more people to help us with the day-to-day operations of the station."

Silent Majority Speak on V-Day in Washington

WASHINGTON: Let's have a big round of applause for J. B. Edwards and the Metropolitan.
And the landlord shall keep each house in

clean

and

safe

sanitary

condition.

That's what the housing code says. It means your landlord breaks the law if he doesn't keep your house in good shape. Now here is where the do-it-yourself part of this book comes in. Take a pencil and put an X on each box on page 7 that tells what your house is like.

MAIL TO: Mr. Carroll Swanson Housing Division District Building 14th and E Streets, N.W. Washington, D.C.

The night crawler

As any avid angler who has hunted for bait knows, "night crawlers" shrivel from light. This has been found to be true of the two-legged variety as well.

That's why RG&E is cooperating with the Real Estate Board of Rochester this month in a public service project called "Light The Night."

Statistics show that when lights go on, crime goes down. Protect your family and your property by lighting the night—inside and outside your home.
