Greater Rochester Service Center
National Frederick Douglass Institute & Museum Of African Arts & Sciences

"In July, 1853 a great convention was held in Rochester which was held solely for the Free African Americans from all territories. Frederick Douglass took a plan for the FREE AFRICAN-AMERICANS; it was the building of a school here in Rochester. Harriet Beecher was one of the organizers. On March 23, 1853, started this great convention and approved the plan of F. Douglass for the building of a mutual labor school and some other courses in the curriculum. However, the financial support was lacking, so they gave thought..."

Who's Your Friend?

You have friends in the spirit, in the mind, and in the heart. These are the friends who make you laugh, who make you think, and who make you feel good. They are the friends who are always there for you, no matter what.

But there are also friends who are not so good. They may be friends who are only there to help you when they want something from you. These are the friends who are not true friends.

So, who's your friend? Are they true friends or not?

Blacks To Head Cities?

The first black man elected mayor of a major city said that Negroes could hold the helm in seven U.S. municipalities 'four years from now.'

Richard Gordon Hatcher, 50-year-old mayor of Gary, Indiana, said that the most likely are Los Angeles, New Orleans, Miami, Houston, Atlanta, Detroit, and Gary.

Hatcher, a spokesman for Robert Johnson, said, "Perhaps we have seen that trend toward conservation ran its course, and for some of the people, it is now beginning to change." He added, "We have seen a change in the last month or so with John Lindsay's resurgence in New York." Hawaiian, who was the Republican nominee to the Senate in 1966, was then considered a certain loser, except to the winner in November.

Hatcher said black politicians also will inherit the "memory of their candidacy which they were able to defuse better political credentials than whites. He said the next few years, however, should produce a balancing process."

The dinner, a success, was held at the Rochester Chamber of Commerce. About 150 were in attendance, including the mayor and his entire speech.

The Revered President, who was presented the national president of SCLC, Dr. Ralph Abernathy, visited Rochester in January. He said that "the Rochester chapter, is one of the strongest Negro political organizations in the country.'

Harper, who was elected in the former battle in Gary, was in Rochester to speak at the Rochester Southern Christian Leadership Conference on Saturday. It was his first appearance at the airport by the Reverend Hatcher, 36-year-old mayor of the Rochester Chamber of Commerce.

The spokesman, Mayor Frank Lamb, Mayor Richard Hatcher, Rev. Bennie R. Brass, and his friends.

"People don't like being with a volunteer police department and a volunteer fire department," he said. "But when it begins coming back, people will be surprised also by what we see from a recent survey away from a conservative political trend which swept low-income black neighborhoods out of the city in 1966 and Minneapolis, and give the Democratic end, Republican mayors, and Republican candidates to conservatives in New York City.

People are going to have a chance to look at the suburbs, the suburbs, they're giving cities over to black and white families."

the night crawler

As any avid angler who has hunted for bait knows, "night crawlers" shrink from light. This has been found to be true of the two-legged variety as well.

That's why RG&E is cooperating with the Real Estate Board of Rochester this month in a public service project called "Light The Night."

Statistics show that when lights go on, crime goes down. Protect your family and your property by lighting the night...inside and outside your home.
