The Ralph Bunche Scholarship Fund is a non-profit organization affiliated with the Rochester branch of the NAACP. It was founded in 1948.

It is the intent in the future to expand the scope of Ralph Bunche assistance to provide financial aid beyond the first year of college. The Fund will continue its goal of breaking the "glass ceiling" which students of limited finances must overcome to enter professional and technical careers. The Fund seeks to guide students toward schools with standards consistent with their level of achievement.

In addition, it is anticipated that Ralph Bunche assistance will also be offered to students who have been assisted previously but encountered problems in completing the necessary financial statements through interviews with students and parents. Wherever practical, students are advised to attend Rochester colleges. However, due to difficult family situations, some student applicants are only able to attend schools in other geographic locations.

The program also appears to be successful from the standpoint of scholarship recipients returning to Rochester upon completion of their courses of study. Many of the young people who have been assisted will enter professional level positions in business and industry in Rochester. These young people also will provide a sound motivational approach. Over 95 percent of the students receiving financial aid continue their educational program beyond the freshman year.

The Fund, by providing assistance for the first year, allows students of limited finances an opportunity to make contact with prospective college students earlier in their high school years. It is hoped that, upon graduation, many of the young people who have been assisted will enter professional level positions in business and industry in Rochester. These young people also will provide a sound motivational approach. Over 95 percent of the students receiving financial aid continue their educational program beyond the freshman year.

The Ralph Bunche Scholarship Fund seeks to provide scholarship aid on the basis of need to high school graduates in the Rochester area, so that students with limited finances can pursue their education beyond the high school level. Financial assistance is provided without regard to race, creed, color, or national origin. The Fund seeks to guide students toward schools with standards consistent with their level of achievement.

Jerry Wilson

Wins Honors

By Joan Green

Mrs. Jerry Wilson, former president of Action for a Better Community, received the 1970 Harlem Store Owners Memorial Award--given annually for outstanding service to the community. The presentation was made by Frank H. Grady, executive secretary/staff chairman of the organization.

"In her personal and professional life, she has shown a dedication to the community and the people she served," Mr. Grady said.

The presentation was made at the Harlem Store Owner's Annual Convention held at the Chamber of Commerce.

The award, Mrs. Wilson said, "is a symbol of the lessons she learned from her parents and friends. It is a reminder of the responsibilities that come with being a leader.

The award is given to those who have made outstanding contributions to the community. Mrs. Wilson was chosen for her dedication to the betterment of the community.

The award is presented by the National Association of Urban League Agencies.

Mrs. Wilson is a native of Harlem and has been an active member of the community for many years.

She is currently serving as president of the board of directors of the newly formed Rochester Neighborhood Development Corporation.

In addition to her work with the corporation, Mrs. Wilson is also a member of the board of directors of the community development corporation.
Judge Reuben K. Davis Active In Housing

Rochester - Reuben K. Davis, former City Court Judge and City Court Justice and a partner in the Stirling & Davis law firm, is becoming increasingly involved in area housing activity.

Davis served during the Rochester Chamber of Commerce and the New York State Bar Association, have two children and reside in the New York State College. He also studied at the New York University, School of Journalism.

Davis was appointed Commissioner of Buildings and Property Conservation for the City of Rochester in January, 1968. He was named to the City Court Bench in March, 1967. Previously, he was Senior Attorney in the Office of the Corporation Counsel. He practiced law in Rochester for eleven years as a member of the firm of Hurst & Davis, earlier he was a lawyer in Brooklyn for three years.

Davis was admitted to the New York State bar in 1934. He is a member of the U. S. Circuit Court of Appeals, Second Circuit, and the U. S. Supreme Court in 1934. Davis was born in Santa Cruz, California, and attended public schools in Chicago. He holds a Bachelor of Laws Degree from Boston University School of Law, and a Bachelor of Fine Arts Degree from the California State College. He later attended New York University Graduate School of Business.

Davis served during World War II as a Rear Admiral in the U. S. Navy, and has served in various posts in Europe and the Far East. He has served in the Army Air Corps, and in various posts in Europe and the Far East.

Davis will have of the firm's headquarters at Avon. "We are especially pleased to welcome a man of Judge Davis' abilities and energy," Mr. Stirling said. "He has brought an addition of great affinity. And we believe the Company is becoming increasingly involved in the affairs of the community."

The Fredrick Douglass Voice

Our Committee has now received in executive session a report from the
Massachusetts Welfare Commission on the status of the
redistribution of welfare funds in recent years.

The commission has found that there is a
need for more funds for the administration of
welfare programs. They recommend that the
state increase its appropriation for this purpose
by $100,000.

The liberals argue that this is not
enough and that the new system
must be put in place immediately.

Random Thoughts

During the executive session,
Senator Rosemary W. Smith
announced that she will
introduce a bill to fund
additional welfare programs.

The senators are in agreement
that the new system must be
implemented quickly.

IMPLICATION - After
more than six weeks in
Washington, the Senate
finally approved
the Democratic Party's
plan for welfare reform.

The bill will go to
the House floor next
month and is expected
to pass with minimal
changes.

The Senate also approved
a amendment that would
require states to
increase their welfare
budgets by 10% per year.

There will be a
series of public
hearings in
Monroe County to
discuss the
implications of
the new system.

The hearings will be
held in the
state Capitol
building.

The hearings will
continue until
June 1st.

The bill will then
be sent to
the White House
for the President's
signature.

The President has
stated that he
will sign the
bill if it
passes the
Senate.

The bill will be
signed into
law in
Washington, D.C.

The President has
told Congress
that he will
sign the
bill if it passes
the Senate.

The bill will be
signed into
law in
Washington, D.C.

The President has
stated that he
will sign the
bill if it passes
the Senate.

The bill will be
signed into
law in
Washington, D.C.

The President has
stated that he
will sign the
bill if it passes
the Senate.

The President has
stated that he
will sign the
bill if it passes
the Senate.

The President has
stated that he
will sign the
bill if it passes
the Senate.

The President has
stated that he
will sign the
bill if it passes
the Senate.

Middle East Situation Continues To Deteriorate, Horton Says

WASHINGTON, D.C. -- The continued deterioration of the situation in the Middle East could lead to a dangerous confrontation between the United States and the Soviet Union, according to Congressman Frank Mangum.

"With the United Nations and other international councils failing to meet, there is a danger that the Middle East could lead to a confrontation between the United States and the Soviet Union," Mangum said. 

Mangum said that the situation in the Middle East was the result of the Arab-Israeli conflict, which had been exacerbated by the Arab oil embargo.

He said that the continued deterioration of the situation in the Middle East could lead to a dangerous confrontation between the United States and the Soviet Union.

"We have personal and family relationships with many of the Arab nations," Mangum said. "There is a danger that the Middle East could lead to a dangerous confrontation between the United States and the Soviet Union.

New hopeful solution for water pollution: a filtering membrane.

One Kodak approach to the solution comes from a process called "reverse osmosis," which is represented in the experiment illustrated at the right. It could be a major step toward clean water:

Reverse osmosis is made possible by a thin plastic film called Eastman membrane, which actuallystratifiespolluted water. Where the water is forced through the membrane, impurities, viruses, bacteria, and other pollutants are totally blocked out; quite pure water makes it to the other side. Purity is sufficiently high to support trout life and swimming boys.

We have already done a considerable amount of experimental work with this process. It's a promising approach, and Kodak is planning to go into volume production of the membrane, which means its application to anti-pollution work could really take off.

Your questions answered on a TV phone-in. Tune in WHEC-TV (Channel 10) on Tuesday, April 28, at 8:30 p.m., and you'll see an unusual program—our top officers communicating openly with those who live and work in Rochester area. Even more unusual: you'll have the opportunity to phone in questions while the show is on the air. The number to call at that time will be 325-2020.

To our knowledge, this is the first time that officers of a major corporation will use commercial television to talk with share owners, employees, and community residents. Why go on TV? It's simply the most logical and feasible way to meet with the community that we have such a vital interest in. More than 20% (or 45,000) of our share owners (who total more than 212,000) live in the Rochester area. And about two-thirds of the 69,000 U. S. Kodak men and women work in Rochester divisions.

The program starts just a few hours after our regular annual shareholders' meeting in Flemington, New Jersey. Our top executives will fly from Flemington to Rochester in time to face the TV cameras. Included in the jet-age experiment in community dialogue are William S. Vaughn, chairman of the board; Dr. Louis K. Eilers, president; and Gerald B. Zornow, executive vice-president.

Remember: Channel 10, 8:30 p.m. on Tuesday, April 28. And the number to call will be 325-2020. (To give more people a chance to participate, lines will be open from 8 p.m.—a half-hour before air time.) We value highly this chance to engage in an informative dialogue with you.
