 helping firefighters extinguish flames of inner-city with the City Fire Department and administered by Mr. A. A. Jesroll. Approximately 3.1 acres of land to the North East.

Students from Rochester's inner city are trying to Pistict Council, a "Nonprofit: nelghborBOR.

Community Library in memory of Genesee Community Library at 13 Bronson Avenue. Opened Genesee Community voted to rename the recently Rochester Public Library today residents.

earlier development of the inner-city library. The name was proposed by the Third Ward Urban Renewal Advisory Committee, which also helped in earlier development of the inner-city library.

The name "Genesee Community Library" was designed to the needs of the community. The name was selected by a committee of the people who live in the area. The name also represents the history and culture of the area.

The Genesee Community Library is located at 13 Bronson Avenue. It is open Monday through Friday from 9 am to 9 pm, and Saturday and Sunday from 10 am to 6 pm.

The library offers a wide range of services, including books, magazines, newspapers, audiovisual materials, and computer access. It also offers programs for children and adults, including storytimes, book clubs, and workshops.

The library is a hub for community activities, hosting events such as author readings, art exhibits, and music performances.

Rochester Public Library is a member of the Rochester Library System, which includes several other libraries in the area.

everything that all after work

literary and musical activities. It is a place for all to relax and enjoy the arts.

The library is located at 13 Bronson Avenue, Rochester, NY 14614. For more information, please visit the Rochester Public Library website at rplibrary.org.
A lesson in nuclear power by Einstein, Fermi and Stocks.

...put your trust in products from the folks who care

Frankfurts
1. jb-national service

We all know it was Albert Einstein's formula which led to the creation of nuclear fission. And we know it was Fermi who first harnessed nuclear power, and made it workable.

We all know it was Albert Einstein's formula which led to the creation of nuclear fission. It's absolutely free. We all know it was Albert Einstein's formula which led to the creation of nuclear fission. One of the most ex-

Spanish Workshops

BY JUAN FABBILA
Special Assistant

More than 200 of the 400 residents of the city, members of the Spanish-speaking community recently attended two workshops conducted by the Spanish Language Center here in the State University of New York at Buffalo. The workshops were designed to provide participants with a better understanding of the Spanish speaking community and the problems they face.

The workshops were conducted in the evenings and included a series of lectures and discussions on topics such as culture, history, and current events.

The workshops were organized by the Spanish Language Center, which is a non-profit organization that provides language and cultural training to the Spanish-speaking community. The center offers a range of services, including language classes, cultural events, and community outreach programs.

The workshops were open to anyone in the Spanish-speaking community, and were conducted in Spanish.

The workshops were funded by a grant from the Department of Education.

The workshops were attended by a diverse group of participants, including students, teachers, and members of the community.

The workshops were well-received, and participants left with a better understanding of the Spanish-speaking community and the challenges they face.

The workshops were conducted in accordance with the principles of cultural sensitivity and inclusion, and efforts were made to ensure that all participants felt welcome and included.

The workshops were a success, and plans are underway to continue the workshops in the future.
The Members of the Neighborhood Council have this week been working on the Budget process and it has been our custom to start the Budget process before the end of the year in order to ensure that the Neighborhood Council is working as closely as possible with the City Planning Department. This year we have again started the process early and we are grateful for the cooperation of the City Planning Department.

The Budget process involves the preparation of a budget for the coming year, which is then presented to the City Planning Department for approval. The budget is then used to allocate funds for various programs and projects within the City. The budget process is an important part of the Neighborhood Council's work and it is essential that the budget be approved in a timely manner in order to ensure that the Neighborhood Council can continue to provide services to the community.

The Neighborhood Council has been working closely with the City Planning Department to ensure that the budget is well prepared and that it meets the needs of the community. The budget process is an important part of the Neighborhood Council's work and it is essential that the budget be approved in a timely manner in order to ensure that the Neighborhood Council can continue to provide services to the community.
TO: BOARD OF DIRECTORS
FROM: James McCuller, Executive Director
SUBJECT: JUNE PROJECT

July 28, 1971-8:00PM
Board of Directors

MRS. MCULLER has been scheduled to hold the Executive Committee meeting at the Board of Directors monthly meeting at 8:00 P.M. on Monday, July 25, 1971, at 2000 Franklin Avenue, Rochester, New York. The Board of Directors meeting will be held at the same time and place.

The Old Business Committee met on July 19, 1971, to discuss the progress of the JUNE PROJECT. The meetings on the project were held to discuss the progress of the JUNE PROJECT.

The following topics were discussed:

1. The need for additional funding for the JUNE PROJECT.
2. The need for additional volunteers for the JUNE PROJECT.
3. The need for additional supplies for the JUNE PROJECT.

The Board of Directors agreed to provide additional funding for the JUNE PROJECT.
