CAMPAIGN FOR

INNOVATION

RMSC CUMMING NATURE CENTER | TREEHOUSE VILLAGE

Soon to be nestled on the edge of Cumming Nature Center's iconic red pine forest, the new **Treehouse Village** will serve as a destination experience like no other for guests of all ages and abilities. A series of structures uniquely designed with a whimsical magnetism to pull guests from one to the other throughout the pines with adventurous joy and curiosity will infuse a sense of wonder for the natural world and its majestic beauty.

Holistically supports the Cumming Nature Center's Four Pillars of Engagement

- Outdoor play and recreation
- Citizen science
- Craft and design
- Environmental responsibility

An engine for the Finger Lakes region's tourism economy

- Will contribute to breakout opportunities in visitation to both the region and the CNC

Promotes natural health, well-being, and adventure

- A connection to nature impacts health, happiness, creativity, and intelligence
- Strengthens gross motor skills by jumping, running, and climbing
- Available to individuals of all abilities with the inclusion of ADA compliant areas made accessible for wheelchairs and those needing additional assistance

"The RMSC, including the Cumming Nature Center, is an incredibly important resource in our region. I am a science teacher and Scout leader in the Finger Lakes Region and all of my Scouts and most of my students have benefited from this organization. All children are naturally curious about the world around them and as a society, we need to nurture this sense of wonder and exploration for the best future possible." - Jenn C.
